Athnos,2023-05-26 Is the turning point of human history the Jesus of the cross or the Christ of the resurrection We live on this side of the resurrection yet we act as if we are on the far side of the crucifixion Staring into the cross from the Good Friday perspective makes it difficult to see beyond it It consumes us It blocks our vision Even though we understand in our minds there was a Sunday we continue to stand in our hearts on Friday Are we missing life in the brilliant light of the resurrection Try to imagine the profound transformation from the disciples broken spirit on Friday to their heart stopping joy on Sunday evening Transformation was truly so wrenching there could never be a return to their pre resurrection world They began to see the cross through the lens of the resurrection every time The risen Lord became their launching pad for faith and from that glorious platform they reached back and embraced his crucifixion It should be the same for us      Easter Bells Margaret Elizabeth Munson Sangster,1897      *NIV, Believe: The Hope of Easter* Zondervan,2015-01-27 Celebrate Easter with this inexpensive ebook designed to focus on the hope of eternity With three chapters from Believe a thirty week topical experience with the NIV Bible this Eastertime ebook explores the three topics of hope eternity and sharing your faith      *A Devotional Journey into the Easter Mysteries* Christopher Carstens,2020-01-28 A Devotional Journey into the Easter Mystery shows readers how prayerful participation in the Paschal Mystery brings life joy and holiness It s a powerful aid for every Christian who seeks to make Lent and Easter a truly life changing experience      *The Jewish Pesach and the Origins of the Christian Easter* Clemens Leonhard,2012-02-14 The study assesses the main issues in the current debate about the early history of Pesach and Easter and provides new insights into the development of these two festivals The author argues that the prescriptions of Exodus 12 provide the celebration of the Pesach in Jerusalem with an etiological background in order to connect the pilgrim festival with the story of the Exodus The thesis that the Christian Easter evolved as a festival against a Jewish form of celebrating Pesach in the second century and that the development of Easter Sunday is dependent upon this custom is endorsed by the author s close study of relevant texts such as the Haggada of Pesach the Poem of the four nights in
