Thieves' Kitchen Donald A. Low, 1982 Thieves' kitchen Donald A. Low, 1978 *The Regency Underworld* Donald A. Low, 1999 This is the second revised edition of *Thieves' Kitchen Regency Underworld* detailing the underworld where crime and vice flourished in Regency England The book presents a vivid picture of pleasure seekers criminals and body snatchers at work Babylon or New Jerusalem? ,2016-08-29 Today more than ever literature and the other arts make use of urban structures it is in the city that the global and universal joins the local and individual *Babylon or New Jerusalem Perceptions of the City in Literature* draws a map of the concept of the city in literature and represents the major issues involved Contributions to the volume revisit cities such as the London of Wordsworth Dorothy Richardson and Virginia Woolf or Rilke's Paris but also travel to the politics of power in Renaissance theatre at Ferrara and to deliberate urban erasures in post apartheid South Africa The texts represented range from Renaissance plays to contemporary novels and to poetry from various periods with references to the visual arts including film The role of memory in contemplating the city and also specific urban metaphors developed in literature such as boxing the square ring and jazz are also discussed The transformation of cities by legislation on cemeteries by lighting or by projects of urban renewal are the subject of articles while others reflect on images of the city in worlds specifically forged by writers like William Blake and James Thomson The contributors themselves live and work in many varied cities thus representing a dynamic and real variety of critical approaches and introducing a strong theoretical and comparative element **Tyburn** Alan Brooke, David Brandon, 2005-11-17 Tyburn is synonymous with the idea of execution The authors tell the story of how Tyburn came to be the place of execution and of the rituals and spectacle associated with the deaths of many people They provide a vivid picture of crime and punishment in London mixing martyrs pickpockets traitors and errant aristocrats Subcultures Ken Gelder, 2007-01-24 Ken Gelder covers a remarkable range of forms and practices across many different subcultural groups from the Ranters to the riot grrrls from bebop to hip hop and from hippies and Bohemians to digital pirates and virtual communities Britain in the Hanoverian Age, 1714-1837 Gerald Newman, Leslie Ellen Brown, 1997 In 1714 king George I ushered in a remarkable 123 year period of energy that changed the face of Britain and ultimately had a profound effect on the modern era The pioneers of modern capitalism industry democracy literature and even architecture flourished during this time and their innovations and influence spread throughout the British empire including the United States Now this rich cultural period in Britain is effectively surveyed and summarized for quick reference in a first of its kind encyclopedia which contains entries by British Canadian American and Australian scholars specializing in everything from finance and the fine arts to politics and patent law More than 380 illustrations mostly rare engravings enhance the coverage which runs the whole gamut of political economic literary intellectual artistic commercial and social life and spotlights some 600 prominent individuals and families **Making England Western** Saree Makdisi, 2024-05-31 The central argument of Edward Said's

Orientalism is that the relationship between Britain and its colonies was primarily oppositional based on contrasts between conquest abroad and domestic order at home Saree Makdisi directly challenges that premise in Making England Western identifying the convergence between the British Empire's civilizing mission abroad and a parallel mission within England itself and pointing to Romanticism as one of the key sites of resistance to the imperial culture in Britain after 1815 Makdisi argues that there existed places and populations in both England and the colonies that were thought of in similar terms for example there were sites in England that might as well have been Arabia and English people to whom the idea of the freeborn Englishman did not extend The boundaries between us and them began to take form during the Romantic period when England became a desirable Occidental space connected with but superior to distant lands Delving into the works of Wordsworth Austen Byron Dickens and others to trace an arc of celebration ambivalence and criticism influenced by these imperial dynamics Makdisi demonstrates the extent to which Romanticism offered both hopes for and warnings against future developments in Occidentalism Revealing that Romanticism provided a way to resist imperial logic about improvement and moral virtue Making England Western is an exciting contribution to the study of both British literature and colonialism

Stand and Deliver! David Brandon,2011-09-30 Why is the highwayman largely perceived as a romantic glamorous and gallant figure How is it that men who were really nothing more than bandits who were often gratuitously violent sometimes murderers and rapists as well have become the swashbuckling heroes of history To put their roles in context the book probes into the economic social and technological factors that at certain times made highway robbery highly lucrative and which help to explain why some of its exponents eventually disappeared from the scene Finally the legacy of the highwaymen on pub signs in films and in fiction is discussed Informative stimulating and entertaining from the pen of a true enthusiast this book will appeal to anyone interested in the dramatic murky underworld of history
