**Think Again** Adam Grant, 2021 Instant 1 New York Times Bestseller Listed as a Times Self Help Book of the Year Discover the critical art of rethinking how questioning your opinions can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn but in a rapidly changing world the most crucial skill may be the ability to rethink and unlearn Recent global and political changes have forced many of us to re evaluate our opinions and decisions Yet we often still favour the comfort of conviction over the discomfort of doubt and prefer opinions that make us feel good instead of ideas that make us think hard Intelligence is no cure and can even be a curse The brighter we are the blinder we can become to our own limitations Adam Grant Wharton s top rated professor and 1 bestselling author offers bold ideas and rigorous evidence to show how we can embrace the joy of being wrong encourage others to rethink topics as wide ranging as abortion and climate change and build schools workplaces and communities of lifelong learners You ll learn how an international debate champion wins arguments a Black musician persuades white supremacists to abandon hate and how a vaccine whisperer convinces anti vaxxers to immunize their children Think Again is an invitation to let go of stale opinions and prize mental flexibility humility and curiosity over foolish consistency If knowledge is power knowing what you don t know is wisdom

*Think Again* Sydney Finkelstein, Jo Whitehead, Andrew Campbell, 2009-02-03 Why do smart and experienced leaders make flawed even catastrophic decisions Why do people keep believing they have made the right choice even with the disastrous result staring them in the face And how can you be sure you re making the right decision without the benefit of hindsight Sydney Finkelstein Jo Whitehead and Andrew Campbell show how the usually beneficial processes of the human mind can become traps when we face big decisions The authors show how the shortcuts our brains have learned to take over millennia of evolution can derail our decision making Think Again offers a powerful model for making better decisions describing the key red flags to watch for and detailing the decision making safeguards we need Using examples from business politics and history Think Again deconstructs bad decisions as they unfolded in real time to show how you can avoid the same fate

*Think Again* Walter Sinnott-Armstrong, 2018 Our personal and political worlds are rife with arguments and disagreements some of them petty and vitriolic The inability to compromise and understand the opposition is epidemic today from countries refusing to negotiate to politicians pandering to their base Social media has produced a virulent world where extreme positions dominate There is much demonization of the other side very little progress is made and the end result is further widening of positions How did this happen and what might be done to address it Walter Sinnott Armstrong says there is such a thing as a good argument Reasonable arguments can create more mutual understanding and respect and even if neither party is convinced by the other compromise is still possible Think Again shows the importance of good arguments and reveals common misunderstandings Rather than a means to persuade other people or beat them in an intellectual competition Sinnott Armstrong sees arguments as an essential tool for constructive interaction with others After

showing how the failure of good arguments has led us to society's current woes he shows readers what makes a good argument In clear lively and practical prose and with plentiful examples from politics popular culture and everyday life Sinnott Armstrong explains what defines an argument identifies the components of good arguments as well as fallacies to avoid and demonstrates what good arguments can accomplish Armed with these tools readers will be able to spot bad reasoning and bad arguments and to advance their own views in a forceful yet logical way These skills could even help repair our tattered civic culture
