Hearings Before and Special Reports Made by Committee on Armed Services of the House of Representatives on Subjects Affecting the Naval and Military Establishments, 1973 On Race George Yancy, 2017-09-01 The recent barrage of racially motivated killings violent antagonisms and conflagrations has left many Americans reeling in the face of a so called post racial reality In thirty four interviews some previously unpublished and others originally conducted for The New York Times philosophy column The Stone but presented here unedited and with supporting materials philosopher George Yancy critically engages some of the most influential thinkers alive today in order to highlight their most crucial insights into understanding the multifaceted dimensions of race in the United States **African Languages in Classrooms and Academia: Intellectualisation and Empowerment through Formal Education** Xolisa Tshongolo, 2024-12-02 To date there have been few comprehensive books published which deal specifically with the role of African languages in academia and formal education Motinyane Mletshe and Tshongolo as editors have produced a book that fills this gap In this timely collection of 21 chapters written in African languages and English the contributors offer a critique of both language practice in the classroom as well as language planning policy creation and implementation challenges A timely and innovative contribution in the area of language in education teaching pedagogy as well as multilingualism *Race and Theology* Dr. Elaine A. Robinson, 2012-10-01 White privilege and racial injustice persist in the Church and despite a commitment to promote justice for all racism is a reality of life and has been since before the founding of our nation In addition throughout most of our nation s history theology as a discipline has remained silent about racism and at its worst overtly supported racist practices This book examines 1 what racism is and how it functions especially in the contemporary setting 2 how the United States has claimed to be God s chosen nation yet systematically disadvantages persons of color 3 how theology s silence sustains racial injustice in the Church rather than excises it and 4 how reformulating theological discourse can contribute to racial justice within ecclesial communities and the larger landscape of society The Horizons in Theology series offers brief but highly engaging essays on the major concerns and questions in theological studies Each volume addresses in a clear and concise style the scope and contours of a fundamental question as it relates to theological inquiry and application sketches the nature and significance of the subject and opens the broader lines of discussion in suggestive evocative and programmatic ways Written by senior scholars in the field and ideally suited as supplements in the classroom Horizons will be an enduring series that brings into plain language the big questions of theology It will inspire a new generation of students to eagerly embark on a journey of reflective study The Gallup Poll George Gallup, 1990-06 The Gallup Poll Annual Series makes available every significant public opinion poll conducted by the Gallup Organization arranged chronologically by year Every volume has a full name and subject index to simplify accessing data on particular topics Standing orders may begin with any volume and may be canceled at any time **Public Papers of the Presidents**
