Policy of Deceit Peter Shambrook, 2023-08-03 The work of a lifetime a forensic fair minded examination of the Hussein McMahon correspondence that exposes how the British government broke its promises to the people of Palestine The Times Literary Supplement Books of the Year This is the untold story of Britain s role in the Israel Palestine conflict During the First World War the British High Commissioner in Egypt reached a secret agreement with the Sharif of Mecca If the Sharif allied with Britain against the Ottomans after the war an independent Arab state that included Palestine would be established The Sharif kept his word The British did not Instead two years later Lloyd George s government declared that Palestine would be for the global Jewish community Through meticulous analysis of official records and private papers Peter Shambrook exposes how Britain came to betray the Arabs He debunks the myth that Palestine was never part of the lands guaranteed to the Sharif and details the attempts of successive British governments to prevent the truth from ever becoming public For anyone interested in the history of the Israel Palestine conflict this is a must read **British**

Miscalculations Isaiah Friedman, 2012-08-14 In the aftermath of World War I there was furious agitation throughout Islam against the dismemberment of the Ottoman Empire Coupled with the powerful effect of the principle of self determination British indifference to Muslim sentiments gave rise to militant nationalism in Islam which became de facto anti Western This detailed and convincing account describes British indecisiveness policy contradictions and how militant nationalism was aggravated by the Greek invasion of Smyrna and its ambition to create a Hellenic Empire in Anatolia with Britain s connivance Immediately after World War I there was a fair chance of mutual coexistence and good relations between Arabs

and Jews in Palestine This possibility was nipped in the bud by the military administration 1918 1920 responsible for the anti Jewish riots in Jerusalem in April 1920 High Commissioner Herbert Samuel supported the Arab extremists in his misguided policy and complicated the situation further The appointment of Hajj Amin al Husseini to the exalted post of Grand Mufti of Jerusalem and subsequently to the presidency of the Supreme Moslem Council of the Palestinians proved fatal to Arab Jewish relations and to the possibility of peace As Friedman shows the British administration of Palestine bears a considerable share of responsibility for the Arab Zionist conflict in Palestine Against this diplomatic background Arab Jewish hostilities thrived with consequences that endure today

British Pan-Arab Policy, 1915-1922 Isaiah Friedman,2017-09-08 In this myth shattering study Isaiah Friedman provides a new perspective on events in the Middle East during World War I and its aftermath He shows that British officials in Cairo mistakenly assumed that the Arabs would rebel against Turkey and welcome the British as deliverers Sharif later king Hussein did rebel but not for nationalistic motives as is generally presented in historiography Early in the war he simultaneously negotiated with the British and the Turks but after discovering that the Turks intended to assassinate him finally sided with the British There was no Arab Revolt in the Fertile Crescent It was mainly the soldiers of Britain the Commonwealth and India that overthrew the Ottoman rule not the Arabs Both T E Lawrence Lawrence of Arabia and Sir Mark Sykes hoped to revive the Arab nation and build a new Middle East They courted disappointment the Arabs resented the encroachment of European Powers and longed for the return of the Turks Emir Feisal too became an exponent of Pan Arabism and a proponent of the United Syria scheme It was supported by the British Military Administration who wished thereby to eliminate the French from Syria British officers were antagonistic to Zionism as well and were responsible for the anti Jewish riots in Jerusalem in April 1920 During the twenties unlike the Hussein family and their allies the peasants fellaheen who constituted the majority of the Arab population in Palestine were not inimical towards the Zionists They maintained that progress and prosperity lie in the path of brotherhood between Arabs and Jews and regarded Jewish immigration and settlement to be beneficial to the country Friedman argues that if properly handled the Arab Zionist conflict was not inevitable The responsibility lay in the hands of the British administration of Palestine
