Unveiling Islam Ergun Mehmet Caner, Emir Fethi Caner, Two former Sunni Muslims now Christian theology professors explain the beliefs customs ethics and practices of Islam **Unveiling Islam** Ergun Mehmet Caner, Emir Fethi Caner, 2002

Puritan Islam Barry A. Vann, 2011-09-27 In this unique analysis of Muslim population shifts in the Western world geographer Barry A Vann provides fresh insights into the theological factors that play into these demographic trends Vann examines the imagined geographies of Muslims with a puritan orientation People with this mind set are little inclined to accept a pluralistic multicultural live and let live concept of society And conflicts between conflicting value systems are almost inevitable Vann notes that this purist approach to Islam is certainly not universal among Muslims and there are many varying interpretations that are more moderate in outlook Nonetheless the undeniable theological background of all Muslim communities colors their values and attitudes and must be taken into consideration when attempting to understand the potential conflicts between contiguous Muslim and non Muslim groups Given the fact that the population of Muslim immigrants is growing in traditionally Christian and increasingly secular countries of the Western world while the resident populations are either stagnant or declining Vann s insightful analysis of the ways in which Islam influences perceptions of community and geography is of great relevance *Breaking the Islam Code* J.D. Greear, 2010-02-01 World events won t let North Americans ignore Muslims anymore Whether those Muslims are villagers in Iraq or neighbors down the street *Breaking the Islam Code* offers everyday Christians profound insight into the way Muslims think and feel J D Greear s ability to communicate challenging heart truth plus his expertise in Christian and Islamic theology and two years experience in a Muslim dominated area make him the perfect author for this empowering insightful reader friendly book It transcends traditional apologetics focusing on helping Christians understand what is deep in Muslims hearts behind their theology which will lead to friendship and effective communication of the gospel respectfully turn many of the primary objections into opportunities to share the faith avoid unnecessarily offending Muslims they re interacting with Readers will be excited that sharing Christ with Muslims is something they can do as everyday Christians in their own cities campuses and workplaces www.breakingtheislamcode.com *The Greatness of God* Charles Frank Thompson, 2016-02-08 With each passing day our world seems to drift further and further away from the God of the Bible divine creation and Christian belief This societal shift toward postmodernism and secularism is not a new development however the expanding and intensifying revolt against the biblical God and Christianity traces its roots back to the modern philosophies of the Enlightenment and Romanticism which have given rise to many divergent views during the past three centuries and become even more extreme in recent postmodernism *The Greatness of God* How God Is the Foundation of All Reality Truth Love Goodness Beauty and Purpose stands as an intellectual counterweight to the prevailing winds of a secular postmodern world Author Charles Frank Thompson argues that the consequences of this rejection of God and divine creation have not been benign He traces the

modern revolution in detail and describes its deleterious consequences including the loss of the ultimate basis for universal truth knowledge meaning and purpose In *The Greatness of God* Thompson explores a wide range of topics including Christian theology metaphysical philosophy and an analysis of modern thought and art He examines the rich history of Christian poetry prose and art and takes a look at recent scientific discoveries that help us understand Christian teachings about God's creation He concludes with an exploration of the millennium the eternal kingdom of God and the spiritual state of America and Europe today *What Changed When Everything Changed* Joseph Margulies,2013-05-21 DIV How our national identity has changed in significant and unexpected ways since the attacks of 9 11 div [The Facts on the Masonic Lodge](#) John Ankerberg,John Weldon,Dillon Burroughs,2009-03-01 Well known authors and researchers John Ankerberg John Weldon and Dillon Burroughs have updated and revised *The Facts on the Masonic Lodge* a best selling title from the popular *Facts On Series* more than 1 9 million copies of books from this series sold *The Facts on the Masonic Lodge* is filled with well documented facts and comprehensive comparisons to biblical truths Readers learn what Masonry also known as Freemasonry or the Lodge is by discovering when it began who has been involved what its teachings are and how it influences their lives and the Christian church today *The Facts on the Masonic Lodge* provides concise straightforward answers to questions that include Is Masonry a religion What do the Masons teach about Jesus salvation and life after death What do Masonic symbols represent Are Masonry and Christianity compatible Why is understanding Masonry important today **A CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS** Gabriel Aryeh,2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx community NYC schools and the workplace through the decades Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad's legitimacy as a prophet Although a few maintained the belief that Jesus remained holy as a prophet they suggested he was a mere man and abandoned their past confessions regarding his divinity Nevertheless the more astounding claim many ex Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur'an Hence these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians Indeed the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah Muhammad and the religious practices observed today which have survived for little over fourteen centuries Consequentially the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries which promoted a worldwide narrative by selective favorable historical accounts based on political ideologies instead of rigorous theological investigation

The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples. Second, this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures, explaining the qualifications of authentic prophethood. Finally, the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world and therefore conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors.

Comparing the Qur'an and the Bible Rick Richter, 2011-11-01

Engagement with the Muslim world and Muslim people is inevitable for Christians. After all, Islam is the fastest growing religion in the United States. But what does the Qur'an really say about things like Jesus, war, and non-Muslims? What does the Bible say on these matters? If Christians are to engage in informed, loving conversation with their Muslim neighbors, they need to be equipped with more than the often specious talking points they glean from the news or email forwards. *Comparing the Qur'an and the Bible* offers readers an unprecedented collection of Scriptures and doctrines of both faiths presented side by side for easy study and comparison, covering such key issues as Jesus, Abraham, creation, angels, jinn, jihad, the fall of humankind, predestination, ransom for sin, sacrifice, grace, rebirth, God, Allah, women, marriage, and divorce, homosexuality, suicide, resurrection, judgment, Paradise, prayer. A brief explanation of each passage in the Qur'an and the Bible is given, as well as biblical answers to Islamic teaching. The book also motivates readers to have hearts for Muslims and seek to bring them to Christ, offering door openers to sharing the Good News. This indispensable collection will be treasured by anyone seeking to understand and engage their Muslim neighbors.

History, Traditions in Islamic Family, Interesting Facts and Something Else: What Would be Impossible without Muslims

Islam is the newest in the world's religion. It arose in the early Middle Ages on the Arabian Peninsula. The word Islam is translated from the Arab word humility, the humbling of yourself before God. The emergence of Islam was the natural result of the development of the Arabian society and evolution of religious consciousness of the Arabian people. The third most popular religion after Buddhism and Christianity, the latest on emergence time is Islam or Moslem. In the modern world, over one billion people are Muslims from Arab, mostly i.e. devoted, obedient Islam. The word of the same root means the bringing of to God, humility, though not all of them are believers. My interest in this religion surfaced after some trips to the Middle East. In this book, I would like to share with you the Islamic history, its emergence and development, and also some interesting facts which I have learned on travel. Join me as I open the secrets that are hidden by a veil. The Islamic world always attracts by its mystery. But you won't even guess what inventions they have given to the whole world. The fact that today we drink coffee and that they serve us a three-course meal and then they bring us the check at the restaurants, we owe this to the Muslims. Despite the biased and often hostile attitude towards Muslims, they have given a lot to the world. What exactly have the ingenious Islamic world given to us? Here is a preview of

Alone among the world's religions Islam is not just surviving but flourishing Yet many people know little about Islam and regard its continuing attraction as something of a mystery In this book Du Pasquier an award winning Swiss journalist provides a thorough introduction to Muslim belief history and culture He deals not only with topical issues such as fundamentalism and the status of Muslim women but provides an overview of the Qur'an the Prophet Islamic history and the nature of Muslim art and literature Unbiased yet passionate the book offers an unveiling which must be heeded if the present mutual incomprehension between East and West is to be overcome

Is Islam a Religion of War Or Peace? Jann Einfeld,2005 Islam is the world's second largest and fastest growing religion In this anthology prominent Muslims Christians Jews and atheists debate topics like whether the Muslim faith promotes aggressive war and encourages violence towards women and whether Islam will be the prime source of global conflict in the 21st century

Islam and Civilizational Dialogue Osman Bakar,1997 The central theme of the book is Islam's past present and future dialogues with other cultures and civilizations Islam has made a positive and major contribution to the development of the idea of a universal human civilization and to the enrichment of global human culture through its constructive civilizational engagement with the rest of the world The author argues that on the basis of its past achievements Islam has both the necessary sense of civilizational mission and sufficient spiritual and intellectual means to conduct a world wide conversation not only with its sister religions in the Abrahamic family namely Judaism and Christianity but also with Far Eastern religions like Confucianism Buddhism and even Shintoism in the pursuit of a truly universal civilization and a global ethics based on shared spiritual moral and ethical values Back cover
