Revelation and Concealment of Christ Saeed Hamid-Khani, 2021-03-16 The elusive disposition of John s language has been noted by biblical scholars throughout the history of New Testament studies The Fourth Gospel is seen as so simple to grasp and yet often pointing beyond itself and beckoning the reader to read deeper Various socio linguistic studies have explained this feature as the reflection of the sectarian tendencies in the Johannine Christianity In his study Saeed Hamid Khani questions these approaches as inadequate In turn he examines John s language within an exegetical and theological framework He argues that the Sitz im Leben of Johannine language was an environment in which the Hebrew Scriptures were the dominant conceptual force for both the Jews and the Christians In this context he argues that the essential function of John s enigmatic language is wedded to the Evangelist s purpose in writing the Gospel namely a steadfast focus upon setting forth that Jesus is the Christ according to the witness of Israel s Scriptures It is here in these echoes and thematic allusions to the Scriptures that we find the answer to the function and significance of John s unique language i e Jesus is the Messiah the Saviour of the world and he is the visible image of the invisible God the embodiment of the self revelation of God according to the Scriptures However these truths are concealed from the undiscerning and are only revealed by the spirit of God to those who are born of God

Plato's Gorgias Mário Jorge de Carvalho, Tomaz Fidalgo, 2020-07-17 Though at first it may seem to deal with rather specific questions concerning rhetoric Plato s Gorgias turns out to be about human life and what is at stake in it This apparent change of subject or rather this ambiguity in the dialogue s subjectmatter has to do with the fact that the Gorgias is very much like a labyrinth puzzling intricate made of multiple meandering paths in which one can easily get lost and full of deviations which turn this way and that of entrances that seem to be dead ends and of dizzying turns that distort all sense of direction
