Wirtz, Nitin Pangarkar, 2009 Singapore Airlines SIA is widely acknowledged as one of the world's leading airlines if not the best airline globally. This book provides insights into a simple but intriguing question: How has SIA managed to outperform other flag carriers for decades in an industry where it is notoriously difficult to succeed consistently? This updated second edition of *Flying High in a Competitive Industry* begins with an analysis of the airline industry and its key trends, moving on to a broad outline of SIA's strategic drivers of success. Empirical research was conducted at SIA to gain a deeper understanding of its strategy, core competencies, and internal organisation, innovation processes, and human resource practices in order to instill strategy lessons that can inform the strategies of any organisation competing in intensely competitive industries. This book ends with some strategic lessons that apply to any organisation that aims to achieve sustainable success in hypercompetitive markets.
