When Im Sleepy:

American Science Fiction: Four Classic Novels 1960-1966 (LOA #321) Poul Anderson, Clifford D. Simak, Daniel Keyes, Roger Zelazny, 2019-11-05 In a deluxe collector's edition four classic science fiction novels from the genre's most transformative decade including the landmark *Flowers for Algernon*. This volume the first of a two volume set gathering the best American science fiction from the tumultuous 1960s opens with Poul Anderson's immensely popular *The High Crusade* in which aliens planning to conquer Earth land in Lincolnshire during the Hundred Years War. In Clifford Simak's Hugo Award winning *Way Station* Enoch Wallace is a spry 124 year old Civil War veteran whose lifelong job monitoring the intergalactic pit stop inside his home is largely uneventful until a CIA agent shows up and Cold War hostilities threaten the peaceful harmony of the Galactic confederation. Daniel Keyes's beloved *Flowers for Algernon* winner of the Nebula Award and adapted as the Academy Award winning movie *Charly* is told through the journal entries of Charlie Gordon a young man with severe learning disabilities who is the test subject for surgery to improve his intelligence. And in the postapocalyptic earthscape of Roger Zelazny's Hugo Award winning *And Call Me Conrad* also published as *This Immortal* Conrad Nomikos reluctantly accepts the responsibility of showing the planet to the governing extraterrestrials representative and protecting him from rebellious remnants of the human race. Using early manuscripts and original setting copy this Library of America volume restores the novel to a version that most closely approximates Zelazny's original text.

Most literary books are sorted out by genre either all poems short stories novellas drama or novels etc. This book breaks this rule it cooks novellas with short stories adds some spices of free writing simmers them all with a pinch of theatrical effect to serve a hearty meal. No dessert is offered because it is a given after finishing this book. **SongCite**

Ibis Justin Haynes, 2025-02-11 This brilliant shape shifting novel teems with charms and curses stunning disasters and startling moments of grace. Jenny Offill author of *Dept of Speculation* and *Weather*. A bold witty magical new voice in fiction. Justin Haynes weaves a cross generational Caribbean story of migration superstition and a search for family in the novel *Ibis*. There is bad luck in New Felicity. The people of the small coastal village have taken in Milagros an 11 year old Venezuelan refugee just as Trinidad's government has begun cracking down on undocumented migrants and now an American journalist has come to town asking questions. New Felicity's superstitious fishermen fear the worst certain they've brought bad luck on the village by killing a local witch who had herself murdered two villagers the year before. The town has been plagued since her death by alarming visits from her supernatural mother as well as by a

mysterious profusion of scarlet ibis birds Skittish that the reporter s story will bring down the wrath of the ministry of national security the fishermen take things into their own hands From there we go backward and forward in time from the town s early days when it was the site of a sugar plantation to Milagros s adulthood as she searches for her mother across the Americas In between through the voices of a chorus of narrators we glimpse moments from various villagers lives each one setting into motion events that will reverberate outwards across the novel and shape Milagros s fate With kinetic absorbing language and a powerful sense of voice Ibis meditates on the bond between mothers and daughters both highlighting the migrant crisis that troubles the contemporary world and offering a moving exploration of how to square where we come from with who we become
