**When Parents Cry** Joy P. Gage,1983-02-01      When Parents Cry Joy P. Gage,1983      **When Parents Divorce**

Suzanne Linder,2013-08-21 When parents decide to end their marriage it is tough on the children but it doesn't have to be. This book is designed to help young people navigate the rough waters of divorce and to regain their sense of well-being. The short chapters deal with the common emotions children experience like anger, shock, sadness, loneliness, guilt, helpless, sick, scared, and even happy. These are presented along with chapters on being apart from the other parent, housing, holidays, and so much more. In addition, the author ends each section with exercises designed to draw out the child's feelings in a fun and productive manner. They are also encouraged to seek out safe people to discuss their feelings with, and most importantly, are always assured the divorce is not their fault.      What Children Need to Know When Parents Get Divorced William L.

Coleman,1998-03 A completely revised and updated edition on this sensitive subject designed to be read with elementary age children facing the agonizing trauma of divorce      Supporting Children when Parents Separate Murch, Mervyn,2018-07-04 After years of research and reflection on the work of the interdisciplinary family justice system, Mervyn Murch offers a fresh approach to supporting the thousands of children every year who experience a complex form of bereavement following parental separation and divorce. This stressful family change, combined with the loss of support due to austerity cuts, can damage their education, well-being, mental health, and long-term life chances. Murch argues for early preventative intervention which responds to children's worries when they first present them, without waiting until things have gone badly wrong. His radical proposals for reform involve a much more coordinated and joined-up approach by schools, the Children and Family Court Advisory and Support Service, and Child and Adolescent Mental Health Services. This book encourages practitioners and academics to look outside their professional silos and to see the world through the eyes of children in crisis, to enable services to offer direct support in a manner and at a time when it is most needed.      **Pediatric Primary Care - E-Book**
