But an even bigger change is coming. A new company called Hordr has sprung up, and its business is secrets. If you have one that you want to keep hidden, Hordr can control you, and no one has a bigger secret than Clark Kent. Now Hordr is threatening to expose Clark's alter ego unless he does everything they command. Will Superman play into the hands of blackmailers to keep his loved ones out of danger? **Mixed-Race Superheroes** Sika A. Dagbovie-Mullins, Eric L. Berlatsky, 2021-04-16. American culture has long represented mixed race

identity in paradoxical terms On the one hand it has been associated with weakness abnormality impurity transgression shame and various pathologies however it can also connote genetic superiority exceptional beauty and special potentiality This ambivalence has found its way into superhero media which runs the gamut from Ant Man and the Wasp s tragic mulatta villain Ghost to the cinematic depiction of Aquaman as a heroic half breed The essays in this collection contend with the multitude of ways that racial mixedness has been presented in superhero comics films television and literature They explore how superhero media positions mixed race characters within a genre that has historically privileged racial purity and propagated images of white supremacy The book considers such iconic heroes as Superman Spider Man and The Hulk alongside such lesser studied characters as Valkyrie Dr Fate and Steven Universe Examining both literal and symbolic representations of racial mixing this study interrogates how we might challenge and rewrite stereotypical narratives about mixed race identity both in superhero media and beyond
