Captain Matt's Super Crazy Fun Big Kid Phonics 3 Sunok Moon,Matthew Hitch,2024-01-18 Super Crazy Fun Phonics is a series of Phonics textbooks released under the Captain Matt banner It has the same 5 levels generally accepted as the standard in phonics books those being Single Letter Sounds Short Vowel Sounds Long Vowel Sounds Consonant Blends and Vowel Combinations These 5 levels are available for 4 different age ranges Preschool Kindergarten Elementary regular Phonics and Big Kid designed for older students and the majority of ESL students This is book 3 of the BIG KID series The Big Kid books were the first books we developed when we decided that our ESL students needed something more age appropriate Their ages ranged from eight to eleven and the older kids were rolling their eyes at the content of the mainstream phonics books which are aimed at a much younger audience These phonics books were created because we felt that the phonics books available to us were not engaging enough so we added some content that we believed our students would find to be fun It is no secret that how engaged a student is has a great deal to do with quality of outcome We chose

vocabulary that we felt would engage over vocabulary that might be useful with the rationale being that we are teaching students how to recognize sounds and how they fit together not new words and their meanings Any vocabulary gain is of secondary importance We also chose to use both small text and images along with large This is to balance cognitive stress and cognitive ease Children s eyes are perfectly able to see small text and images and the process of looking closely encourages greater focus Not all text and images are small though just to please ease the eye Most children s books lean more toward the latter Theme vocabulary chants and stories for each level are consistent between the different age ranges so moving up to more challenging content or even down to easier content if required is possible as the book levels are progressed though We hope your students enjoy these silly books
