unlocked scientifically but now her views are about to be challenged by one curious child Seven year old Janie O Daire is a mathematical genius which is surprising But what is disturbing are the stories she tells that her name was once Violet she grew up in Kansas decades earlier and she drowned at age nineteen Alice delves into these stories at first believing they re no more than the product of the girl s vast imagination But slowly Alice comes to the realization that Janie might indeed be telling a strange truth Alice knows the investigation may endanger her already shaky professional reputation and as a woman in a field dominated by men she has no room for mistakes But she is unprepared for the ways it will illuminate terrifying mysteries within her own past and in the process irrevocably change her life Alice s investigation into the two incidents of possible reincarnation will fascinate readers The Oregon Nebraska and Kansas rural settings are enthralling as are the problems Alice encounters as a psychologist in a male dominated field VERDICT Perfect for teens wanting mystery historical fiction and a touch of the unexplainable School Library Journal Yesternight is a story that is unassumingly haunting Kirkus Reviews Winters follows The Uninvited with another gripping historical novel this one an exploration of the effects of suppressed trauma and desire A well written tale that is suspenseful in all the right places and will keep readers guessing at every page Booklist
