

Tarantulas Today

B Lingard

Tarantulas Today:

Tarantulas (Advanced Vivarium Systems) Jerry G. Walls, 2016-11-22 Very few spiders generate the same emotional reaction as the large hairy tarantula. Despite their stereotypical portrayal in movies, these easy-to-care-for spiders make excellent low-maintenance pets. Designed for the beginning tarantula owner, this comprehensive manual includes essential advice on selecting, feeding, and caring for your pet, as well as tips on breeding and health maintenance. A special chapter offers up-to-date information on some of the most popular and readily available species, such as the Costa Rican striped knee and common pink toe tarantulas. This all-new addition to the renowned Herpetocultural Library puts expert-written advice at the fingertips of reptile and invertebrate enthusiasts. *The Tarantula Keeper's Guide* Stanley A. Schultz, Marguerite J. Schultz, 2015-03 Terrarium hobbyists and arachnid lovers will rejoice at this comprehensive guide on tarantulas. The *Tarantula Keeper's Guide* provides in-depth information on their biology and advice on housing and caring for pet tarantulas. Tarantulas are small and easy to maintain, exotic pets that are fun and captivating to watch. The *Tarantula Keeper's Guide* includes detailed information on the natural history and biology of these fascinating creatures. This spider book is filled with color photos, scientifically accurate line art, and detailed care instructions. It's no wonder that *The Tarantula Keeper's Guide* is considered the Bible of Arachnoculture by hobbyists and arachnid enthusiasts. *Hostile Aliens, Hollywood and Today's News* Melvin E. Matthews, 2007 1950s Cold War era monsters meet 21st century terrorists. Matthews provides a thoughtful interpretation of sci-fi movies that examines the similarities and differences between the political environment and popular culture of two eras. This well-researched examination and appreciation of science-fiction films includes behind-the-scenes tales about their production and many quotes from those who produced and starred in the films. The book will tantalize not only fans of the science-fiction genre but also sociologists, film historians, and politicians. The author draws parallels between the Cold War fears of the 1950s and 60s and the constant terrorism alerts of the September 11th era, exploring how the politics and the psychological climate of the times influence and is reflected in this vehicle of popular culture. This book is the first of its kind, studying the pop culture genre in the wake of the September 11th tragedy. The alien invaders of the 1950s signified a Russian invasion of America, while other films of the genre, such as *Invaders from Mars*, depicted aliens utilizing mind control to manipulate humans to commit acts of sabotage, signifying Communist enslavement. If such a film were made now, such invaders could be seen as terrorist masterminds using human slaves to commit terrorist acts. Then the 1954 atomic-mutation classic is the spiritual ancestor of the 2002 film *Eight Legged Freaks*. Finally, several 1950s films depicted the end of the world at a time when Americans expected a nuclear war with Russia. *Godzilla*, the only 1950s era monster to remain a movie star beyond that era, can be fashioned to reflect whatever issues dominate the times: nuclear war in the 1950s, environmental pollution in the 1970s. Conceivably, a *Godzilla* for the age of terrorism is soon to be released. The immediate pre-September 11th era witnessed films presenting galactic threats to mankind's existence: *Independence Day*, *Armageddon*.

Deep Impact while the early 2000s witnessed the popularity of the Left Behind Christian films dramatizing the Tribulation period in the Book of Revelation It seems that whatever the era and whatever the challenges and crises confronting America many entertainment themes remain the same reflecting their respective times and the relevant issues Melvin E Matthews Jr is a freelance writer and a horror movie aficionado who has been studying the genre for thirty years In this work he shares his personal correspondence with film and television star Beverly Garland and brings together a wealth of detail about the fun and the challenges of the costumes stunts and special effects as well as the actors and producers thoughts on the meaning behind the stories

The Tarantula Gail LaBonte,1991-05 Examines the physical characteristics habits natural environment and bad reputation of this large hairy spider
