In Darkest James Robin P. Hoople, 2000 In July of 1906 Archibald Henderson could pronounce with perfect confidence that Henry James was a master impressionist But as short a time as six years earlier James's critics lacked this term in their vocabulary and struggled with the sophisticated art of James's developing impressionistic literary technique In *Darkest* James discusses the reviewer's frustrated often irritated and even anguished attempts to render a satisfactory account of the sequence of artifacts in which James moved toward the perfection of his craft
