**The Blue Sapphire of the Mind** Douglas E. Christie, 2012-12-04 There are no unsacred places the poet Wendell Berry has written There are only sacred places and desecrated places What might it mean to behold the world with such depth and feeling that it is no longer possible to imagine it as something separate from ourselves or to live without regard for its well being To understand the work of seeing things as an utterly involving moral and spiritual act Such questions have long occupied the center of contemplative spiritual traditions In *The Blue Sapphire of the Mind* Douglas E Christie proposes a distinctively contemplative approach to ecological thought and practice that can help restore our sense of the earth as a sacred place Drawing on the insights of the early Christian monastics as well as the ecological writings of Henry David Thoreau Aldo Leopold Annie Dillard and many others Christie argues that at the most basic level it is the quality of our attention to the natural world that must change if we are to learn how to live in a sustainable relationship with other living organisms and with one another He notes that in this uniquely challenging historical moment there is a deep and pervasive hunger for a less fragmented and more integrated way of apprehending and inhabiting the living world and for a way of responding to the ecological crisis that expresses our deepest moral and spiritual values Christie explores how the wisdom of ancient and modern contemplative traditions can inspire both an honest reckoning with the destructive patterns of thought and behavior that have contributed so much to our current crisis and a greater sense of care and responsibility for all living beings These traditions can help us cultivate the simple spacious awareness of the enduring beauty and wholeness of the natural world that will be necessary if we are to live with greater purpose and meaning and with less harm to our planet

Circles of Thorns Justin Lewis-Anthony, 2008-11-13 Unlike Bosch's better known fantastical proto surrealist paintings Christ Mocked is small still and sombre and yet with a little effort of knowledge and interpretation it reveals a depth of understanding of both the Passion and of human nature that speaks as much to the twenty first century as it did to

the sixteenth By exploring the political scientific psychological and devotional world of early modern Europe and applying those insights to our own time the author shows how Bosch used his sophisticated artistic skills to convey a similarly sophisticated understanding of humanity In Christ Mocked a painting 500 years old but passionately modern Christ s Passion is so portrayed as to make us reassess the cosmic significance of Christ s death and its profound implications for what we think it means to be human Beyond the Shadow; Or, The Resurrection of Life James Morris Whiton,1898 Harper's Magazine ,1878 Important American periodical dating back to 1850 **The Uses of Darkness** Laurie Brands Gagné,2000-08-31 Laurie Brands Gagn believes the image of God as stern Father or Judge has done much damage over the centuries and has engendered a sense of shame and guilt especially in women She sees our own civilization as one that is cut off from the natural world and from the precious part of ourselves that is earthy and sensual In *The Uses of Darkness* Women s Underworld Journeys Ancient and Modern Gagn explores women s journeys through the underworld to reclaim the wisdom and sensuality contained in these stories for heirs of the God the Father tradition She looks at the ancient stories of Inanna Demeter and Psyche and the reflections of these archetypal figures in the work of women such as Sylvia Plath Joan Didion Mary Gordon Virginia Woolf and ETTY HILLESUM to illustrate that the alternative tradition these journey stories represent has much to offer modern Christians Gagn successfully demonstrates that only by turning to confront the mystery that has been obscured by the image of God as stern Father or Judge can a woman raised in the Christian tradition acquire a sense of self strong enough to integrate experiences of profound loss Most importantly by drawing on the wisdom of the goddess tradition both men and women are able to effect a more meaningful reappropriation of Christianity Gagn s examination of the dark experience of the underworld in the goddess tradition discovers the elements of all spiritual journeys self transcendence followed by self transformation Anyone who has struggled with love and loss and whose spirit has been suppressed by the image of God as Judge yet who will not reject Christianity will benefit from this work *The World for Sale* Gilbert Parker,1916 **A Fearful Responsibility and Tonelli's Marriage** William Dean Howells,1883 **The Works of Gilbert Parker: The world for sale** Gilbert Parker,1917 *Hallberger's illustrated magazine* ,1878 **A Fearful Responsibility** William Dean Howells,1886 Three short stories written by the author A fearful responsibility, and Tonelli's marriage.
