**Kill the Company** Lisa Bodell,2016-10-21 In the ever changing world of business we ve arrived at a point where process has trumped culture where the race toward efficiency has left us unable to reach our potential Stuck in the land of status quo we ve forgotten how to think The very structures put in place to help businesses grow are now holding us back it s time to Kill the Company This book is a call to arms to start a revolution in how we think and work But instead of more one size fits all change initiatives forced upon employees we need to embrace small changes that create ripple effects throughout the organization Lisa Bodell urges companies to move from Zombies Inc to Think Inc Thinking can no longer be exclusive to the creative team or lead strategists A culture of curiosity must be fostered among the ranks to shake up our standard practices from unproductive meetings to go nowhere strategic planning This revolution can and will awaken our ability to think and ultimately to innovate and grow
