Twisted Wisdom:

The Good Gift of Weakness Eric M Schumacher,2024-06-04 This overview of the theme of weakness in the Bible offers readers practical encouragement and hope as they learn to view their frailties as part of God s plan and purpose for their lives Our culture deifies strength and sadly the church does too Who has the most successful ministry the largest congregation or the godliest family Our misplaced faith in human strength is a false hope with no basis in Scripture But a closer look throughout the Bible reveals the central role human frailty plays in the redemption story From Genesis to Revelation God s power is made perfect when people are at their weakest Far from an undesirable defect God designed our weakness to draw us closer to himself As you learn to accept the good gift of weakness you will experience true strength the kind that only comes from a loving and infinitely powerful God

The Religion of Tomorrow Ken Wilber,2018-05-01 A provocative examination of how the great religious traditions can remain relevant in modern times by incorporating scientific truths learned about human nature over the last century A single purpose lies at the heart of all the great religious traditions awakening to the astonishing reality of the true nature of ourselves and the universe At the same time through centuries of cultural accretion and focus on myth and ritual as ends in themselves this core insight has become obscured Here Ken Wilber provides a path for re envisioning a religion of the future that acknowledges the evolution of humanity in every realm while remaining faithful to that original spiritual vision For the traditions to attract modern men and women Wilber asserts they must incorporate the extraordinary number of scientific truths learned about human nature in just the past hundred years for example about the mind and brain emotions and the growth of consciousness that the ancients were simply unaware of and thus were unable to include in their meditative systems Taking Buddhism as an example Wilber demonstrates how his comprehensive Integral Approach which is already being applied to several world religions by some of their adherents can avert a cultural disaster of unparalleled proportions the utter neglect of the glorious upper reaches of human potential by the materialistic postmodern worldview Moreover he shows how we can apply this approach to our own spiritual practice This his most sweeping work since *Sex Ecology Spirituality* is a thrilling call for wholeness inclusiveness and unity in the religions of tomorrow

Welcome to the Light Karl Krahn,2013-11-26 If you are happy with the way this world has prepared for the second coming of Christ fine Go your merry way and enjoy I am not and the results are why you are reading this story I was raised by a very strong believing Mother She taught the truth always wins be sure your sins will find you out and as you sow so shall you reap She didn t prepare me for this world but for the next When I finally understood this it was too late I could not believe it was possible to have the Spirit of Jesus Christ enter my heart mind and soul and feel no difference For years I searched for the feeling of total acceptance I often felt the presence of the Holy Spirit but it was always in someone else I could not find the feelings I was looking for It s not possible to list the extent and searching of this journey but in the end I gave up If there is no God it makes no difference If there is a God and He won t talk to me that s worse So I quit The
