Usaf Strike Force:

Air Force Magazine ,2012 **Air Force Combat Medals, Streamers, and Campaigns** A. Timothy Warnock,1990 This volume documents the combat service of the USAF and its predecessor organizations as recognized by the award of combat service medals to individuals and service or campaign streamers to air units Separate sections feature descriptions and color photos of the medals and streamers concise accounts of each campaign in the theater are illustrated with color maps book jacket **Air Force and Space Digest** ,1996 **The U.S. Air Force** James J. Haggerty,Warren Reiland Smith,1966 Is a new and unique way of presenting the colorful history of the United States Air Force From the birth of the tiny air arm early in the century right up to the involvement of the global force of today in Viet Nam the sweeping panorama of courage and foresight is shown in full color reproductions of outstanding paintings **Air Forces of the World** Anthony Robinson,1982

North America Skyline ,1957 **An Aerospace Bibliography** Raymond Estep,1962 **The United States Air Force Today** Bill Yenne,1986 **United States Air Force in Britain** Robert Jackson,2000 History of the U.S. Air Force David A. Anderton,1989 This newly revised and expanded edition of the highly successful history of military aviation reports on the latest advances in electronics and technology that have made the U S Air Force the best Includes 780 color and b w illustrations **American Airpower Strategy in Korea, 1950-1953** Conrad C. Crane,2000 The Korean War was the first armed engagement for the newly formed U S Air Force but far from the type of conflict it expected or wanted to fight As the first air war of the nuclear age it posed a major challenge to the service to define and successfully carry out its mission by stretching the constraints of limited war while avoiding the excesses of total war Conrad Crane analyzes both the successes and failures of the air force in Korea offering a balanced treatment of how the air war in Korea actually unfolded He examines the Air Force s contention that it could play a decisive role in a non nuclear regional war but shows that the fledgling service was held to unrealistically high expectations based on airpower s performance in World War II despite being constrained by the limited nature of the Korean conflict Crane exposes the tensions and rivalries between services showing that emphasis on strategic bombing came at the expense of air support for ground troops and he tells how interactions between army and air force generals shaped the air force s mission and strategy He also addresses misunderstandings about plans to use nuclear biological and chemical weapons in the war and includes new information from pilot correspondence about the informal policy of hot pursuit over the Yalu that existed at the end of the war The book considers not only the actual air effort in Korea but also its ramifications The air force doubled in size during the war and used that growth to secure its position in the defense establishment but it wagered its future on its ability to deliver nuclear weapons in a high intensity conflict a position that left it unprepared to fight the next limited war in Vietnam As America observes the fiftieth anniversary of its initial engagement in Korea Crane s book is an important reminder of the lessons learned there And as airpower continues to be a cornerstone of American defense this examination of its uses in Korea provides new insights about

the air force s capabilities and limitations Air Force Noncombat Operations Robert J. Lempert,Rand Corporation,1992 In the years ahead it is likely that the traditional military roles of American air power nuclear deterrence conventional combat and combat support operations will increasingly be joined in importance by a host of noncombat operations ranging from disaster relief to AWACS diplomacy While in the past the Air Force has been able to conduct such activities successfully with its existing forces budget cuts and growing demands may require that the Air Force explicitly consider the requirements for such operations in the future This Note documents the first phase of a multiyear study that will examine the likely future scope of Air Force noncombat operations and recommend the capabilities the Air Force must nurture to be successful in these areas This Note focuses on the rich history of Air Force noncombat operations during the Cold War as a basis for understanding how such operations might be performed in the future The information presented here will be used in follow on research to develop challenging scenarios for future Air Force noncombat operations and to determine what policy options could improve the USAF s capability to perform these operations in the future This work was sponsored by the Director of Plans HQ USAF USAF XOX as part of the project Expanding USAF Missions a division level effort under RAND s Project AIR FORCE and should be of interest to all those concerned with the restructuring of the Air Force and the future roles of military power **Annual Report of the USAF Medical Service** United States. Dept. of the Air Force. Office of the Surgeon General,1958 *RAF Nuclear Deterrent Forces* Humphrey Wynn,1997 *Launch the Intruders* Carol Reardon,2005 Carol Reardon chronicles the operations of Attack Squadron 75 the Sunday Punchers and their high risk bombing runs launched off the U S S Saratoga during the famous Linebacker campaigns Based on access to crew members and their families her book blends military and social history to offer a look at the air war in Southeast Asia **Code Name Handbook** Defense Marketing Services, inc,1978 Army, Navy, Air Force Journal ,1961 *Aerospace Encyclopedia of World Air Forces* David Willis,1999 This encyclopedia provides a complete guide to the world s air arms ranging from the might of the United States Air Force and Russian air force to the smallest air arms in the developing world *The History of the U. S. Airforce* Bill Yenne,1992-11 A history of the United States Air Force describing its major commands their designated missions the men in command and the men who served both before and after 1947 *Army, Navy, Air Force Journal & Register* ,1984-08
