FREEMAN,2025 **The Christian Advocate** ,1929 **When God the Son Became the Son of God** Robert Fuller,2008-03 Two baffling concepts have always confronted Christianity the doctrine of the trinity and the subject of Christology Both subjects deal with the inexplicable mysteries of how God became incarnate in Jesus Christ and when did Jesus know He was God The author believes the subject of the trinity is actually simple and easily understood from a scriptural perspective This book is for anyone who wants to know about the preexistence of Jesus Christ for believers who might be unsure about their personal salvation and for all Christians who want the entire message of how and why Jesus is the Son of God Robert Fuller is an ordained minister having received his B A degree in the Biblical Field from Abilene Christian University and a M Ed degree from the University of North Texas Mr Fuller states I was raised a Trinitarian as defined by the Nicene Counsel of 325 A D and was taught Chalcedonian Christology yet it was not until later in life that I have come to understand the scriptures concerning why and how God the Son emptied Himself not of divinity but of equality with Very God to become the Son of God and eventually the man Jesus Christ Jesus was

the Son of God in human form and fulfilled God's perfect will so that God the Father gave Him the authoritative name of Jesus. Jesus was aware of His divinity at His barmitzvah when He demonstrated to the temple priest His divine wisdom about the Torah. Catholics have always been right about Mary being the Mother of God. She knew Jesus was God in the flesh and no doubt informed Him early on about His miraculous conception. Jesus' virgin birth was something Mary just couldn't keep to herself. Luke 1:46-56. *Women and Missions*, 1930. **When God Opens the Door** Roy W. Hutchinson, 1983\*. **Gospel Herald**, 1929. *The Standard*, 1916. **Colossians, Philemon** Peter Thomas O'Brien, 1982. The Book of Job among the greatest masterpieces of world literature deserves a commentary alert both to the windings of its arguments and to the massive theological problem it raises: the conflict of faith and experience that it does it have to do primarily with the why of suffering or is the chief issue rather the problem of the moral order of the world of the principles on which it is governed. While many feel that Job is too long, full of windy and tedious words, Professor David J. A. Clines shows in detail how every element is essential and how only the interweaving of literary and theological perspectives can reveal the richness of the writing. To this end, he supplies a uniquely comprehensive General Bibliography as well as pericope bibliographies unrestricted by scholarly apartheid which includes works of sermons and popular devotions valuable for their theological and spiritual insights. A verse-by-verse commentary, this volume never loses sight of the forest for the trees and especially in the Explanation sections constantly surveys the progress of the Book of Job. A particular focus is the unraveling of the arguments and the identification of the distinctive viewpoints of the book's speakers. The textual Notes which center on explaining why the English versions of Job differ so amazingly from one another support the author's carefully worded Translation. In his Introduction, Professor Clines says: "Reading and close reading the Book of Job, the most theologically and intellectually intense book of the Old Testament, is a perennially uplifting and not infrequently euphoric experience. The craftsmanship in the finest details, the rain of metaphors, the never-failing imagination of the poet are surpassed only by the variety and delicacy of the theological ideas and the cunning of this most open of texts confronting its readers with two new questions along with any answer." *The Church Times*, 1901.
