On December 31 1991 across the enormous expanse of Russia all flags of the Union of Soviet Socialist Republics were officially taken down The daring experiment of ruling many millions of people in widely different societies under a communist central government begun by the Bolshevik revolution in November 1917 had come to an end One thing that was quite constant during those seventy four years as most Americans have been aware was mutual suspicion and hostility between the USSR and the USA It did fluctuate to some extent reaching a lull during World War II as the two nations joined forces to defeat Nazi Germany but at times rising to a terrifying pitch with both sides threatening to use nuclear ballistic missiles capable of destroying not only each other but in effect the entire fabric of world civilization The world waited in awful suspense in October 1962 when Soviet ships carrying long range missiles for installation in Cuba were ordered by Nikita Khrushchev to turn back only after President Kennedy announced that if one missile were launched against America from Cuba American missiles would retaliate immediately and massively against the USSR Many citizens of both superpowers have wondered about the basic cause of American Russian hostility usually concluding that it derived from the inevitable conflict between the capitalistic and Marxist economic systems and their consequent political differences There was truth in this but historically there was a particular root cause that few had ever heard of What was Nikita Khrushchev talking about puzzled Americans asked when during a visit to the USA in 1959 he said We remember the grim days when American soldiers went to our soil headed by their generals to help the White Guard strangle the new revolution Never have any of our soldiers been on American soil but your soldiers were on Russian soil These are the facts This book is an attempt

In the Shadow of the Greatest Generation Melinda L. Pash,2014-05-22 Largely overshadowed by World War II s greatest generation and the more vocal veterans of the Vietnam era Korean War veterans remain relatively invisible in the narratives of both war and its aftermath Yet just as the beaches of Normandy and the jungles of Vietnam worked profound changes on conflict participants the Korean Peninsula chipped away at the beliefs physical and mental well being and fortitude of Americans completing wartime tours of duty there Upon returning home Korean War veterans struggled with home front attitudes toward the war faced employment and family dilemmas and wrestled with readjustment Not unlike other wars Korea proved a formative and defining influence on the men and women stationed in theater on their loved ones and in some measure on American culture In the Shadow of the Greatest Generation not only gives voice to those Americans who served in the forgotten war but chronicles the larger personal and collective consequences of waging war the American way

Franklin D Roosevelt s Lend Lease program American leaders sought to keep Joseph Stalin s Red Army in the field and fighting Adolf Hitler s forces in the Second World War from 1941 forward Delivered by the Anglo American Arctic naval convoys overland through the Iranian deserts and mountains and through the skies from Alaska to Siberia this much needed material aid helped Stalin s Red Army to continue fighting and thereby prevented a separate peace with Hitler s Germany and a mechanized repeat of the First World War s Brest Litovsk fiasco Yet Roosevelt and other U S officials due to their severe underestimation of Stalin s character and his rigid and fanatical devotion to exporting Communism at gunpoint gambled incorrectly that they could win the Soviet premier s heart and mind through several excessive wartime aid gestures including the furnishing of atomic bomb materials to the Soviet regime By 1945 American leaders had succeeded in their strategic goal of keeping Stalin and his Red Army in the war and hastening victory but failed in their efforts to purchase the Soviet premier s goodwill and commitment to postwar peace heralding the global Cold War and setting the stage for later U S martial aid programs to those resisting aggression abroad In addition to its primary focus on the American leadership s perceptions of Stalin s strategic importance to the Allied war effort in the Second World War this work also includes a detailed assessment of Roosevelt s Soviet Lend Lease program alongside U S President Ronald Reagan s later support for the Afghan Islamic guerrillas resisting Soviet occupation during the Soviet Afghan War of the 1980s and a comparison of both martial aid programs with Washington s recent revival of Lend Lease aid for the Ukrainian war effort It offers today s American leaders and policymakers a chance to consult the lessons of history and apply them in the present
