Anxiety - The Inside Story Niall McLaren, 2018 In *Anxiety The Inside Story* the author takes a critical look at modern psychiatry's twin notions that all mental disorders are biological in nature but anxiety is hardly worth worrying about By the simple process of taking a careful detailed history Niall McLaren shows that anxiety is far more common and far more destructive than mainstream psychiatry realizes Detailed case histories chart how anxiety arises as a psychological disorder and how it reinforces itself to the point where it destroys lives McLaren concludes that anxiety is a major factor in most mental disorders especially depression and bipolar disorder This book will change your understanding of mental disorders Niall Jock McLaren writes as he speaks and he pulls no punches I love this People should listen to what he has to say about the academic corruption of his specialty psychiatry Read this book The man is unique And funny as well Prof Peter Gotzsche Director Nordic Cochrane Centre Copenhagen Debilitating

anxieties are frequently misdiagnosed as depression by GPs and specialists alike In this wonderfully accessible account of anxiety Dr McLaren demonstrates with great clarity and very movingly how a case history approach can help patients confront and overcome their psychological demons He provides compelling evidence that instead of drugging people listening to them attentively and analytically has to be the beginning of the healing process Dr Allan Patience University of Melbourne Anxiety The Inside Story offers readers a devastating blistering critique of psychiatry together with a provocative exploration of how anxiety so often dismissed as a minor difficulty should be understood as the root cause of so much suffering which manifests in a diverse range of behaviors that get wrongly categorized as distinct psychiatric illnesses Niall McLaren presents a compelling case that psychiatric care in Australia and beyond needs to be completely rethought Robert Whitaker author of Mad in America and Psychiatry Under the Influence From Future Psychiatry Press Learn more at www.FuturePsychiatry.com

Overcome Your Fear in Trading LR Thomas,2024-03-10 Overcome Your Fear in Trading The most prevalent emotion facing traders is fear Fear causes traders to exit trades too early ruining their equity curve Fear causes traders to self sabotage so they can fulfil their self fulfilling prophecy of trading failure Fear causes traders to find reasons to avoid taking trades that would have been winners Fear causes traders to exit trades before they have a chance to get the move under way and then have the misery of seeing a profitable trade run away from them There are many more destructive aspects to fear in trading and what is vital for the trader in order for them to succeed is to have a way of thinking about trading that eliminates fear from the trading process Overcome Your Fear in Trading is the companion book to the best selling Control Your Inner Trader and zeroes in on the single biggest problem traders face their own fear The book has been written by a therapist qualified in Hypnosis EFT and NLP who is also a trader with over eight years trading experience Overcome Your Fear in Trading provides lots of exercises to specifically help with the problem of fear and is designed to give you a new paradigm about trading that will not only enable you to trade without the negative effects of fear but will also enable you to become a much better trader in the process Here is a comment from a student I too bought LR s book Overcome Your Fear in Trading the moment it appeared and I was delighted I did The author has a happy knack of getting to the core of trading issues both from the system perspective and the psychology side But even better LR provides workable solutions in this book based around focusing on the Process rather than the Results This is already helping to clear my head trash and to laying the foundations for a better way of thinking about my trading It is the clarity and her deep perception of the human condition in LR s thinking and writing that makes her books really useful Thank you so much LR Alastair Forrest UK
