**My Wonderful Book of Poetry Vol. Iv** Craig Schaber, 2012-06-11 Selected random poems and poems with loving care So in this book are loving thoughts expressed in many different ways These poems unveil the secret of making everyday a very beautiful day And then as a reminder that each and every day is a day to glorify the Lord and to follow in his way and if I've helped in any way to inspire you cheer you or if these little lines of mine in any way endear you or draw you closer to GOD or one another or helped you recognize the fact that every man's a brother then I'll be very grateful that GOD looked down on me and helped me write this little book and to sign it LOVINGLY CRAIG SCHABER

**Why Love Hurts** Eva Illouz, 2013-05-20 Few of us have been spared the agonies of intimate relationships They come in many shapes loving a man or a woman who will not commit to us being heartbroken when we re abandoned by a lover engaging in Sisyphean internet searches coming back lonely from bars parties or blind dates feeling bored in a relationship that is so much less than we had envisaged these are only some of the ways in which the search for love is a difficult and often painful experience Despite the widespread and almost collective character of these experiences our culture insists they are the result of faulty or insufficiently mature psyches For many the Freudian idea that the family designs the pattern of an individual s erotic career has been the main explanation for why and how we fail to find or sustain love Psychoanalysis and popular psychology have succeeded spectacularly in convincing us that individuals bear responsibility for the misery of their romantic and erotic lives The purpose of this book is to change our way of thinking about what is wrong in modern relationships The problem is not dysfunctional childhoods or insufficiently self aware psyches but rather the institutional forces shaping how we love The argument of this book is that the modern romantic experience is shaped by a fundamental transformation in the ecology and architecture of romantic choice The samples from which men and women choose a partner the modes of evaluating prospective partners the very importance of choice and autonomy and what people imagine to be the spectrum of their choices all these aspects of choice have transformed the very core of the will how we want a partner the sense of worth bestowed by relationships and the organization of desire This book does to love what Marx did to commodities it shows that it is shaped by social relations and institutions and that it circulates in a marketplace of unequal actors

**The Poetic Courier** Genetta Brown Turner, 2014-12-04 After my sister died I tried to write poems to ease the pain As I wrote these poems I felt whole again It was a way to ease my mind Knowing that my sister was saved and gave her life to Christ before she died it made it easier to cope with because I know shes in a better place These poems were written with joy and a whole lot of pain but I know I will see her once again Losing loved ones is a lot of grief but if we stick to our beliefs we can go through all trials and tribulations These poems are a tribute to lifes beginning and ending and lifes many celebrations
