Handbook on the International Political Economy of Gender Juanita Elias, Adrienne Roberts, 2018-02-23 This Handbook brings together leading interdisciplinary scholarship on the gendered nature of the international political economy. Spanning a wide range of theoretical traditions and empirical foci, it explores the multifaceted ways in which gender relations constitute and are shaped by global politico-economic processes. It further interrogates the gendered ideologies and discourses that underpin everyday practices from the local to the global. The chapters in this collection identify, analyse, critique, and challenge gender-based inequalities whilst also highlighting the intersectional nature of gendered oppressions in the contemporary world order.

The Restless Quest Julian Hartt, 2004-10-04 The Restless Quest is a collection of essays by Julian N Hartt. These essays came out of Dr Hartt's teaching and ministerial experiences; most are the results of years of observation and reflection. Throughout them, he applies a persistent and coherent position to a variety of theological topics. Dr Hartt shows us that not all traditional Christian beliefs have been liquidated by secularist presumption or liberal construction. Because of his very lucid writing, it is not necessary to learn first what Barth, Tillich, Bultmann, or their disciples have said. He further illustrates that there are ways of doing theology in the context of American life and the American church that do not perpetuate the myth that all theological styles necessarily derive from Germany or Denmark. Julian N Hartt writes: God's forgiveness is truly wonderful; he has everlastingly in view the renewal of a human resolution to walk ever in more Godly ways. Practice in this will not bring in the kingdom of God, no matter how inspired and unsparing the practice is. It will help it will surely help self and others to learn what that kingdom is all about. For as Christ is our pioneer and our warrant, that kingdom is the prize and joy of all desiring.

Chinese Society - Change and Transformation Li Peilin, 2012-07-26 There is growing interest in social transformation in contemporary China, with much work published on the subject. This book is different from other books in that it presents an overview of the work of Chinese sociologists on how Chinese society is changing. It reports on a great deal of original research by leading outstanding Chinese scholars, including extensive fieldwork and large-scale social change survey data, and covers comprehensively the full range of aspects of the subject. It assesses developments since the beginning of reform in China and provides overall a comprehensive understanding of China's social development and of the likely impact of future social changes on China.

Uncoupling Diane Vaughan, 1990-09-05 Drawing from extensive research and in-depth interviews, an invaluable guide for anyone who wants to understand or prevent the collapse of a relationship. How do relationships end? Why does one partner suddenly become discontented with the other, and why is the onset of that discontentment not so sudden after all? What signals do partners send each other to indicate their doubts? Why do those signals so often go unnoticed? And how do people who saw themselves as part of a couple come to terms, not just with absence and abandonment but with a new single identity? This groundbreaking book reveals a process that begins in secret but gradually becomes public, implicating not only partners but their social milieu. Enlightening, accessible.
