The Inner Truth:

THE INNER TRUTH Gracie Alison,2010-02-19 My title The Inner Truth expresses the significance of my core existence that allowed me to find myself again out of the filth that surrounded me Others treated me as an object to be used and tossed on the trash heap but I have held onto the beauty that exists in me to pull myself from the darkness that has been my life to be able to tell my story to benefit others

Presence & I Niki Kapoor,2022-09-14 Presence I is a guide to mastering the journey of life It helps the readers create a beautiful life and meaningful relationships The book presents life as a dance between the Presence and self Each moment of life is a step in that dance We are all here to ultimately discover the Presence That is the purpose of each soul We are all making our way towards the Presence through each life experience How we navigate life and its moments determines if we move closer to the Presence or away from it The book guides the readers towards the Presence by showing the roadmap to choosing higher consciousness in everyday life This is an interactive book with guided meditations reflections and stories that make the content very easy to follow The language is very simple clear and the practices are easy to apply Presence I is a journey into your Higher Self and a higher destiny

Lessing's Philosophy of Religion and the German Enlightenment Toshimasa Yasukata,2002 On the basis of intensive study of the entire corpus of Lessing s philosophical and theological writings as well as the extensive secondary literature the author leads the reader into the systematic core of Lessing s highly elusive religious thought

The Cambridge Companion to Hermeneutics Michael N. Forster,Kristin Gjesdal,2019-01-03 Explores the relevance of hermeneutics for modern human sciences its history and development and its key philosophical debates

The Truth Within Gavin Flood,2013-10-25 The idea that there is a truth within the person linked to the discovery of a deeper more fundamental more authentic self has been a common theme in many religions throughout history and an idea that is still with us today This inwardness or interiority unique to me as an essential feature of who I am has been an aspect of culture and even a defining characteristic of human being an authentic private sphere to which we can retreat that is beyond the conflicts of the outer world This inner world becomes more real than the outer which is seen as but a pale reflection Remarkably the image of the truth within is found across cultures and this book presents an account of this idea in the pre modern history of Christianity Hinduism and Buddhism Furthermore in theistic religions Christianity and some forms of Hinduism the truth within is conflated with the idea of God within and in all cases this inner truth is thought to be not only the heart of the person but also the heart of the universe itself Gavin Flood examines the metaphor of inwardness and the idea of truth within along with the methods developed in religions to attain it such as prayer and meditation These views of inwardness that link the self to cosmology can be contrasted with a modern understanding of the person In examining the truth within in Christianity Hinduism and Buddhism Flood offers a hermeneutical phenomenology of inwardness and a defence of comparative religion
