These Were Muses:

These Were Muses Mona Wilson, 1924 **The Travelog of a Muse** Will F. Muse, 1927 *Smith: Or, The Tears of the Muses* Gabriel Harvey, 2023-05-02

A poetic satire of ghostwriters being hired to write puffery of and by patrons and sponsors who pay to gain immortal fame for being great while failing to perform any work to deserve any praise This volume shows the similarities across Gabriel Harvey's poetic canon stretching from his critically ignored self attributed Smith 1578 his famous Edmund Spenser bylined Fairy Queen 1590 and his semi recognized Samuel Brandon bylined Virtuous Octavia 1598 This close analysis of Smith is essential for explaining all of Harvey's multi bylined output because Smith is an extensive confession about Harvey's ghostwriting process Harvey's Fairy Queen is his mature attempt at an extensive puffery of a monarch which has been as Harvey predicted in Smith and Ciceronianus in return over puffed as a great literary achievement by monarchy conserving literary scholars across the past four hundred years The relatively superior in its condensed social message and literary achievement Smith has been ignored in part because the subject of its puffery appears trivial from the perspective of national propaganda Smith Or The Tears of the Muses is a metered poetic composition that can also be performed as a multi monologue play The central formulaic structure is grounded in nine Cantos that are delivered by each of the nine Muses this formula appeared in many British poems and interludes after its appearance in Nicholas Grimald's translation of a Virgil assigned poem called The Muses in Songs and Sonnets 1557 The repetitive nature of this puffing formula is subverted not only by the satirical and ironic contradictions that are mixed with the standard exaggerated flatteries of Sir Thomas Smith Elizabeth's Secretary but also with several seemingly digressive sections that puff and satirize other bylines including Walter Mildmay King's Councilor and John Wood Smith's copyist and nephew The central subject of the satire in Smith is Richard Verstegan's career as a goldsmith who forged antiques and committed identity fraud that included ghostwriting books under multiple bylines including passing himself as Harvey points out as at least two different Sir Thomas Smiths The introduction to this volume includes matching handwritten letters that were written by Smith 1 who died in 1577 and Smith 2 who died in 1625 and by Verstegan under his own byline In Smith's conclusion Verstegan responds with ridicule of his own directed at Harvey This is the first full translation of Smith from Latin into English The accompanying introductory matter extensive annotations and class exercises hint at the many scholarly discoveries attainable by researchers who continue the exploration of this elegant work
