

# Tryst with Destiny by Jawaharlal Nehru

Long years ago we made a tryst with destiny, and now the time comes when we shall redeem our pledge, not wholly or in full measure, but very substantially.

At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom. A moment comes, which comes but rarely in history, when we step out from the old to the new, when an age ends, and when the soul of a nation, long suppressed, finds utterance.

It is fitting that at this solemn moment we take the pledge of dedication to the service of India and her people and to the still larger cause of humanity.

At the dawn of history India started on her unending quest, and trackless centuries are filled with her striving and the grandeur of her success and her failures. Through good and ill fortune alike she has never lost sight of that quest or forgotten the ideals which gave her strength. We end today a period of ill fortune and India discovers herself again. The achievement we celebrate today is but a step, an opening of opportunity, to the greater triumphs and

# Tryst With Destiny

**Kate Marsh**

## **Tryst With Destiny:**

Fictions of 1947 Kate Marsh, 2007 The end of the British Raj and the creation of the two states of India and Pakistan in August 1947 is a recognizable narrative within British Anglophone culture and colonial history In contrast the persistence of the five French trading posts or comptoirs on the Indian subcontinent until 1954 remains largely ignored by both French and British historians of French colonialism and the popular culture of the Hexagone In examining metropolitan French language representations of Indian decolonization this book demonstrates the importance of the British imperial loss in 1947 as a reference point within French cultural production The critical investigation into the strategies of representation used problematizes existing Anglophone theoretical models by critics such as Said Bhabha and Spivak for the analysis of colonial discourse It reveals that French language representations of Indian decolonization cannot be fully appreciated without engaging methodologically with France's politically subordinate status in India The book thus challenges the commonly accepted binary between colonizer and colonized proposing in its place a triangular model composed of the colonized India the subaltern colonizer France and the dominant colonizer Britain Through a systematic critical evaluation of the range of texts journalistic intellectual political and literary produced in metropolitan France by authors such as Romain Rolland Jean Rous H l ne Cixous Catherine Cl ment and Marguerite Duras the book challenges the current postcolonial orthodoxy that the story of Indian decolonization is solely an Anglophone space

Lineages of the Present Aijaz Ahmad, 2000 Untangles many of the intertwined threads in this poorly understood region with nuclear capabilities

Many Globalizations Peter L. Berger, Samuel P. Huntington, 2002-06-06 Much discussed but poorly understood globalization is at once praised as the answer to all the world's problems and blamed for everything from pollution to poverty Here Berger and Huntington bring together an array of experts who paint a subtle and richly shaded portrait showing both the power and the unexpected consequences of this great force The stereotypes of globalization characterized as American imperialism on the one hand and as an economic panacea on the other fall apart under close scrutiny Surveying globalization from individual countries of the five major continents Many Globalizations shows that an emerging global culture does indeed exist While globalization is American in origin and content the authors point out that it is far from a centrally directed force like classic imperialism They examine the currents that carry this culture from a worldwide class of young professionals to non governmental organizations and define globalization's many variations as well as sub globalizations that bind regions together Analytical incisive and stimulating Many Globalizations offers rare insight into perhaps the central issue of modern times one that is changing the West as much as the developing world Provocative Taken together the trenchant well written essays included in this collection provide indisputable evidence that an identifiable global culture is indeed emerging World Policy Journal Analytical and penetrating belongs on the desks of anyone with an abiding interest in the forces shaping the world Publishers Weekly

Comparative Law Yearbook of International Business Volume 43 Christian Campbell, 2021-11-11 The Comparative

Law Yearbook of International Business published under the auspices of the Center for International Legal Studies in this 43rd volume spans an arc of timely and challenging concerns for business law practitioners and academics alike It discusses how arbitrability of intellectual property rights disputes might improve worldwide IPR enforcement how the disregard of legal entity may be used to establish implied consent by a person or entity that is not a signatory to an arbitration agreement how an effective cross border insolvency framework under the Indian insolvency and bankruptcy code can borrow from the UNCITRAL Model Law s and other jurisdictions approaches to the tension between universality and territoriality how a promising new mediation act for Pakistan may help resolve a backlog of millions of cases in a jurisdiction with a patchwork of traditional and modern alternative dispute resolution mechanisms how the European Union seeks to balance the taxation of digital services how Brazil is addressing the taxation of offshore indirect transfers how private equity capital structures in the unique market of professional sports create opportunities as well as risks how Securities Market Regulation theory plays a role in the organization and development of active securities markets particularly in emerging markets and how non signatories can be bound by arbitration agreements in Brazil through disregard of legal entity to ascertain implied consent The authors are practitioners and academics from Brazil England France India Pakistan Singapore the United States and Uzbekistan They offer a broad and diverse perspective on some of today s pressing business law issues in a shrinking world
