## **Working Couples Cookbook:**

**Working Couple's Cookbook** Peggy Treadwell,1971      [Working Couples Cookbook](#) Peggy Treadwell,1971-06

*Commitment in Couples Therapy* Stephen J. Betchen,2025-02-21 *Commitment in Couples Therapy* offers a comprehensive clinical guide to help those who work with couples determine the authenticity of a couple's commitment and to guide their decision on whether the relationship is worth salvaging. The purpose of this book is to focus on those couples who have joined for reasons that pose a significant chance of relational failure. This specific dyad entails one seemingly committed partner and one apparently less committed partner, both of whom may be conscious or unconscious about their sabotaging behavior in the relationship. Betchen offers a clinical model to treat the commitment issue and help the couple's therapist skillfully uncover each partner's conflict with commitment, determine the couple's true relational status, and determine how to re-contract the relationship on more authentic grounds. Chapters provide coverage of the unconscious match process, the sociocultural, transactional, familial, and psychological factors behind commitment, and countertransference, with case studies throughout. Finally, this book offers critical assessment and treatment strategies for therapists to implement in their practice. This book is an essential read for mental health clinicians of all levels and a valuable resource for graduate students in marriage and family therapy programs.

*Love Is a Story* Robert J. Sternberg,1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light. What draws us so strongly to some people and repels us from others? What makes some relationships work so smoothly and others burst into flames? Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us. Drawing on extensive research and fascinating examples of real couples, Sternberg identifies 26 types of love story, including the fantasy story, the business story, the collector story, the horror story, and many others, each with its distinctive advantages and pitfalls, and many of which are clashingly incompatible. These are the largely unconscious preconceptions that guide our romantic choices, and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships. As long as we remain oblivious to the role our stories play, we are likely to repeat the same mistakes again and again. But the enlivening good news this book brings us is that though our stories drive us, we can revise them and learn to choose partners whose stories are more compatible with our own. Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner. Are you a traveler, a gardener, a teacher, or something else entirely? *Love is a Story* shows you how to find out.

**Handbook of Work\_Life Integration Among Professionals** Debra A. Major,Ronald J. Burke,2013-11-29 This innovative study confronts the similarities and differences in women's and men's work\_life experiences. Individual and

organizational solutions to work\_family conflict and strategies for work\_life enrichment are explored It will strongly appeal t
