Design and Implementation of a Web-based Student Platform Single Page Application Mohamad Aziz,2020-08-26 Bachelor Thesis from the year 2020 in the subject Computer Science Miscellaneous grade 89 0 Nanjing University of Science and Technology course Computer Science and Technology language English abstract The main goal of this project is to create an efficient digital student platform with features where students will be able to keep track and organize their tasks and events and can also serve as a student portal in which they will be able to view their grades taken courses and teachers This is done to maximize student productivity and efficiency by utilizing modern web technologies to create a web based application that would serve this purpose Another goal of this project is to increase practical knowledge and improve technical expertise using modern web development tools and technologies currently used in the industry These include web frameworks such as the PHP framework Laravel and the JavaScript framework Vue js both of which will be researched and utilized in the construction of this project This objective is executed by designing and implementing the student platform web based single page application mentioned above while learning and using the modern web development tools to gain technical skills and knowledge at the same time both of which will be very valuable for years to come for future endeavors in the web development industry Macworld ,1993-07

New Directions in Print Culture Studies Jesse W. Schwartz,Daniel Worden,2022-06-16 *New Directions in Print Culture Studies* features new methods and approaches to cultural and literary history that draw on periodicals print culture and

material culture thus revising and rewriting what we think we know about the aesthetic cultural and social history of transnational America The unifying questions posed and answered in this book are methodological How can we make material archival objects meaningful How can we engage and contest dominant conceptions of aesthetic historical and literary periods How can we present archival material in ways that make it accessible to other scholars and students What theoretical commitments does a focus on material objects entail New Directions in Print Culture Studies brings together leading scholars to address the methodological historical and theoretical commitments that emerge from studying how periodicals books images and ideas circulated from the 19th century to the present Reaching beyond national boundaries the essays in this book focus on the different materials and archives we can use to rewrite literary history in ways that highlight not a canon of major literary works but instead the networks dialogues and tensions that define print cultures in various moments and movements
