**Imagining the Medieval Afterlife** Richard Matthew Pollard,2020-12-17 A comprehensive innovative study of how medieval people envisioned heaven hell and purgatory images and imaginings that endure today      Reading Christian Apocrypha Tobias Nicklas,Janet E. Spittler,2025-09-16 Christian apocrypha has suffered neglect Living just outside the Christian canon apocryphal Christian works have been judged deficient secret and even heretical In Reading Christian Apocrypha Tobias Nicklas and Janet Spittler lavish attention upon these extracanonical texts to demonstrate that far from being superfluous or fringe Christian apocrypha plays a crucial role in the history of Christianity Apocryphal works function as important witnesses for the reception of Jesus Paul and other apostolic figures Beyond the reception of canonical figures however they provide foundational stories that fill in the Christian landscape of memories supplying local and regional Christian communities with narratives that tie their own environment traditions and practices to the activities of the apostles and apostolic figures Reading Christian Apocrypha also explores how apocryphal works adopt and adapt Jewish and Greco Roman views on the origin of the world its history and the world to come creating new spaces of interpretation around biblical texts and traditions The apocryphal writings reveal that Christianity from the very beginning developed a wide variety of theological perspectives within diverse linguistic traditions and geographical areas Ultimately Reading Christian Apocrypha demonstrates that the distinction between canonical and apocryphal tradition is far blurrier than often assumed

**The Transformation of the Irish Church in the Twelfth and Thirteenth Centuries** Marie Therese Flanagan,2010 The twelfth century saw a wide ranging transformation of the Irish church a regional manifestation of a wider pan European reform movement This book the first to offer a full account of this change moves away from the previous concentration on the restructuring of Irish dioceses and episcopal authority and the introduction of Continental monastic observances to widen the discussion It charts changes in the religious culture experienced by the laity as well as the clergy and takes account of the particular Irish experience within the wider European context The universal ideals that were defined with increasing clarity by Continental advocates of reform generated a series of initiatives from Irish churchmen aimed at disseminating reform ideology within clerical circles and transmitting it also to lay society even if as elsewhere it often proved difficult to implement in practice Whatever the obstacles faced by reformist clergy their genuine concern to transform the Irish church and society cannot be doubted and is attested in a range of hitherto unexploited sources this volume draws upon Marie Therese Flanagan is Professor of Medieval History at the Queen s University of Belfast      *The Vision of MacConglinne* Kuno Meyer,1892      **Medieval and Late Latin Selections for the Use of College Students** Charles Upson Clark,Josiah Bethea Game,1925      **Second Latin** Charles Upson Clark,Josiah Bethea Game,1924      The Seafaring Saint Clara Strijbosch,2000 *Navigatio Sancti Brendani Abbatis* written in Latin around 800 AD tells the story of 6th century Irish Saint Brendan s

departure for an island paradise across the ocean Three and a half centuries later in Germany another account of Saint Brendan was written called *Reis van Sint Brandaan* While the two share the theme of an abbot on the sea there are many conflicting differences that have given rise to some of the most baffling problems of Brendan scholarship This book compares the two eventually concluding that the Voyage is rooted in an agglomeration of Irish stories the same which eventually gave rise to the *Navigatio Illustrata* Illustrated with period woodcuts and maps Distributed by ISBS c Book News Inc [Quaestio Insularis](#),2003
