Visualization, Presentation, Moderation Josef W. Seifert, 2002-07-09 The Long Seller from the Well Known Expert on Moderation Visualization presentation and moderation it is impossible to imagine modern organizations without these working methods Anyone who has mastered them can successfully visualize facts properly prepare and confidently give presentations organize meetings more effectively moderate employee continuous improvement process groups in a result oriented manner successfully lead workshops and team training sessions In this three part book the author has collected together a wealth of rules tips and ideas for the closely related areas of visualization presentation and moderation all of which can immediately be put into practice For lectures discussions workshops and meetings this volume is a working basis a handbook and also a compact reference work Josef W Seifert is a qualified educationalist and a specialist in moderation He is a managing partner of the renowned consultancy and training company MODERATIO in Bavaria and author of several books on moderation

Visualization - Presentation - Moderation Josef W. Seifert, 1997 On Visualization Erna Fiorentini, 2021-12 As an invitation to explore the all encompassing term textit visualization from a new vantage point this book suggests a topological approach to identify individual domains in the global stream of visualization practices and intentions Here particular and often hidden partly non visual or non visible forms emerge as individual distinct modes of visualizing that go beyond infographics as the idea informing most of the today understanding of visualization These modes offer frames in which to put the phenomenon of visualization with a view to notions more appropriate to the plurality of its manifestations

Decision Behaviour, Analysis and Support Simon French, John Maule, Nadia Papamichail, 2009-07-30 Behavioural studies have shown that while humans may be the best decision makers on the planet we are not quite as good as we think we are We are regularly subject to biases inconsistencies and irrationalities in our decision making *Decision Behaviour Analysis and Support* explores perspectives from many different disciplines to show how we can help decision makers to deliberate and make better decisions It considers both the use of computers and databases to support decisions as well as human aids to building analyses and some fast and frugal tricks to aid more consistent decision making In its exploration of decision support it draws together results and observations from decision theory behavioural and psychological studies artificial intelligence and information systems philosophy operational research and organisational studies This provides a valuable resource for managers with decision making responsibilities and students from a range of disciplines including management engineering and information systems

A Discursive Approach to Organizational and Strategy Consulting Wolfgang Schnelle, 2008 People who strive to set things in motion within corporations and organizations be it as managers or consultants encounter stubborn resistance Even though new strategies have been adopted the desired changes do not materialize A reorganization that was intended to finally produce clarity creates only a new round of confusion Wolfgang Schnelle co founder of the consulting firm Metaplan learned from four decades of experience in the field

that it pays to think of organizations and strategy within the context of opinions interests and power and trust relationships His approach draws on organizational sociology and helps to shed light on the diverse realities of the players involved If anything is to be accomplished these realities must be moved toward convergence Organizational and strategy consultants using a discursive approach think of themselves as leaders of processes that create shared understanding This approach allows them to spot resistance early and overcome it through argumentation and discourse New and often surprising opportunities for action emerge The new concepts can then be implemented faster because thought processes have taken place in the minds of those who will subsequently perform the actions
