Wake Up Sam

Wake Up Sam:

Waking Up Sam Harris, 2014-09-09 For the millions of Americans who want spirituality without religion Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris, a scientist, philosopher, and famous skeptic, could write it.

Cinematic TV Rashna Wadia Richards, 2021-04-30 Investigating the boundaries between media in an age of convergence, *Cinematic TV* constructs a new model for exploring how contemporary serial dramas quote, copy, and appropriate American cinema.

X-Force Fabian Nieceza, 2015-05-20 *X-Force* 1991 5 10 *X-Force Annual* 1 *X-Force* 1991 11 15 *Birch Tree Road* Keldon Irwin, 2013-12-31 This real-life inspired yet fictional young adult and adult fable focuses on a young Inyupiaq Northern Native Alaskan who was born into a troubled home when the U.S. was just beginning its involvement with her rural arctic village. The text, interwoven with Emily Dickinson-inspired poetry, is comprised of vivid descriptions of Alaskan tundra, intense and whimsical dialogue between varied dynamic characters, and action-filled intelligent and suspenseful narrative as Samantha ventures into endless Alaska. One day Sam wakes up after one of her father's drunken evenings and leaves her arctic village in the middle of winter with nothing but the essentials to survive. Mid-walk, she encounters a polar bear and its cub. With her home blocked by these territorial gargantuas, she is tempted to take an adventure into the 20-40 degree weather. With her questionable choice, she ends up having to fend off wildlife, the elements, and even a polar bear. A mere 80 miles from the Arctic Ocean in the Alaskan wilderness, Sam begins to redefine her perspective on the lifelong stories she has heard from elders, her relationship with her seized sister, supportive best friend, goofy uncle, drunk father, and troubled mother. She even begins to change her perspective on interracial relations.
