Where Are We Running:

Why We Run Robin Harvie, 2011-04-14 Everyone can run It is the simplest of sports requiring only a pair of trainers and the open road Its simplicity is part of its beauty But why do we do it Obsessive amateur runner Robin Harvie wants to understand what makes him run mile after mile venturing far from home into remote places and into the solitude of his own mind pushing himself to the limit and beyond Is it to break out of the clutter of his everyday life into a freedom in which he has only himself to rely upon Is it to affirm his own will conquering his fatigue Is it a fundamental instinct inseparable from what it is to be human In examining the lure of long distance running Robin speaks to famous runners explores the literature of running and recounts his own experiences His feats of running culminate in an effort to run the Spartathlon retracing the 150 mile journey from Athens to Sparta made by Philippides in 490BC Part memoir part meditation **Why We Run** is a compelling rich and haunting account of what it is that makes us take to the road and learn what we are made of While We Run Karen Healey, 2014-05-27 It s 2127 and the future is at stake Abdi Taalib thought he was moving to Australia for a music scholarship But after meeting the beautiful and brazen Tegan Oglietti his world was turned upside down Tegan s no ordinary girl she died in 2027 only to be frozen and brought back to life in Abdi s time 100 years later Now all they want is for things to return to normal or as normal as they can be but the government has other ideas Especially since the two just spilled the secrets behind Australia s cryonics project to the world On the run Abdi and Tegan have no idea who they can trust and when they uncover startling new details about the program they realize that thousands of lives may be in their hands Karen Healey offers a suspenseful page turning companion to *When We Wake* that will keep readers on the edge of their seats and make them call into question their own ideas about morality and mortality too *We Run over Snakes* Barbara Schrod, WE RUN OVER SNAKES is a fictional novel set in an actual historical time and setting It is a story of the struggle of military veterans and their families carving homestead farms from dirt sagebrush and rattlesnakes in rugged Wyoming The lives of three families become intricately interwoven as they form friendships and partnerships in battling the rigors of scratching out a living on soil that won t cooperate Wanting only to be left alone to love their land and their families the farmers find themselves drowning in politics as they discover the government had misrepresented the capabilities of their homestead land This is a story of disappointment and hope of pain and triumph of fear and faith Can We Run With You, Grandfather?
