E. Ross, 2015-02-26 *Women Poetry and Politics in Seventeenth Century Britain* offers a new account of women s engagement in the poetic and political cultures of seventeenth century England and Scotland based on poetry that was produced and circulated in manuscript Katherine Philips is often regarded as the first in a cluster of women writers including Margaret Cavendish and Aphra Behn who were political secular literary print published and renowned Sarah C E Ross explores a new corpus of political poetry by women offering detailed readings of Elizabeth Melville Anne Southwell Jane Cavendish Hester Pulter and Lucy Hutchinson and making the compelling case that female political poetics emerge out of social and religious poetic modes and out of manuscript based authorial practices Situating each writer in her political and intellectual contexts from early covenanting Scotland to Restoration England this volume explores women s political articulation in the devotional lyric biblical verse paraphrase occasional verse elegy and emblem For women excluded from the public political sphere these rhetorically modest genres and the figural language of poetry offered vital modes of political expression and women of diverse affiliations use religious and social poetics the tropes of family and household and the genres of occasionality that proliferated in manuscript culture to imagine the state Attending also to the transmission and reception of women s poetry in networks of varying reach Sarah C E Ross reveals continuities and evolutions in women s relationship to politics and poetry and identifies a female tradition of politicised poetry in manuscript spanning the decades before during and after the Civil Wars *James Hogg* Corinne de Popow, 2004-10 James Hogg a Scottish writer was the founder of the psychological novel He perfectly understood the notions of dream and reality the danger of the voyage in Nancy Chilshom the world of the illusions the lure madness and strangeness towards the reality of the tragedy the kingdom of the fairies death the finality of art the supernatural the Devil and sorcery in Scotland the Scotland England couple the female nation and the male devastator the carnival of the masks and the reality of his Masonic initiation at the end of his life James White Gerald Wheeler, 2003 0828017190 **The Pragmatic Turn** Richard J. Bernstein, 2013-04-26 In this major new work Richard J Bernstein argues that many of the most important themes in philosophy during the past one hundred and fifty years are variations and developments of ideas that were prominent in the

classical American pragmatists Charles S Peirce William James John Dewey and George H Mead Pragmatism begins with a thoroughgoing critique of the Cartesianism that dominated so much of modern philosophy The pragmatic thinkers reject a sharp dichotomy between subject and object mind body dualism the quest for certainty and the spectator theory of knowledge They seek to bring about a sea change in philosophy that highlights the social character of human experience and normative social practices the self correcting nature of all inquiry and the continuity of theory and practice And they especially James Dewey and Mead emphasize the democratic ethical political consequences of a pragmatic orientation Many of the themes developed by the pragmatic thinkers were also central to the work of major twentieth century philosophers like Wittgenstein and Heidegger but the so called analytic continental split obscures this underlying continuity Bernstein develops an alternative reading of contemporary philosophy that brings out the persistence and continuity of pragmatic themes He critically examines the work of leading contemporary philosophers who have been deeply influenced by pragmatism including Hilary Putnam Jürgen Habermas Richard Rorty and Robert Brandom and he explains why the discussion of pragmatism is so alive varied and widespread This lucid wide ranging book by one of America's leading philosophers will be compulsory reading for anyone who wants to understand the state of philosophy today **Henry James and the Language of Experience** Collin Meissner, 1999-06-28 In *Henry James and the Language of Experience* Collin Meissner examines the political dimension to the representation of experience as it unfolds throughout James's work Meissner argues that for James experience was a private and public event a dialectical process that registered and expressed his consciousness of the external world Adapting recent work in hermeneutics and phenomenology Meissner shows how James's understanding of the process of consciousness is not simply an aspect of literary form it is in fact inherently political as it requires an active engagement with the full complexity of social reality For James the civic value of art resided in this interactive process one in which the reader becomes aware of the aesthetic experience as immediate and engaged This wide ranging study combines literary theory and close readings of James's work to argue for a redefinition of the aesthetic as it operates in James's work *William James on the Courage to Believe* Robert J. O'Connell, 2018-09-18 William James celebrated lecture on *The Will to Believe* has kindled spirited controversy since the day it was delivered In this lively reappraisal of that controversy Father O'Connell contributes some fresh contentions that James argument should be viewed against his indebtedness to Pascal and Renouvier that it works primarily to validate our over beliefs and most surprising perhaps that James envisages our passionate nature as intervening not after but before and throughout our intellectual weighing of the evidence for belief **The Tenth Insight** James Redfield, Carol Adrienne, 1997-03-07 This is a hands on guide written to help individuals and groups implement the ideas found in *The Tenth Insight* It provides detailed explanations and exercises on Tenth Insight topics previous lifetimes soul groups birth visions the use of dreams and prayers and the World Vision *The Journals of Thomas James Cobden-Sanderson, 1879-1922* Thomas James Cobden-Sanderson, 1926
