What Is God Up To? - Why Earth?- Why Eternity? Oliver E. Summers, 2008-10 This book has been a life time quest to understand why God created man and what God is after It all started in March 1946 when I accepted Jesus Christ as LORD of my life For sixty two years I have diligently studied the Bible and sought to find out and to understand What Is God Up To In December 2004 the LORD awakened me in the night and gave me the outline for the book GOD HAS A PLAN AND A PURPOSE FOR YOUR LIFE which was published in February 2006 On the morning of May 31 2006 while in prayer the LORD gave me the outline for this book that endeavors to answer the questions WHAT IS GOD UP TO WHY EARTH WHY ETERNITY I was to prepare a comprehensive study of the Biblical prophets and to correlate all they prophesied in a chronological order that would be related to Earth s history and eternity Oliver E Summers received a call to the ministry in 1946 when he was a young teenager His ministerial training began in 1950 when he attended Southern California Bible College name changed to Vanguard University of Southern California and graduated with a B A degree in New Testament He attended seminary at Berkeley Baptist Divinity School name changed to American Baptist Seminary of the West and graduated with a M A degree in New Testament He also attended University of California at Los Angeles and completed many courses in business administration His pastoral ministry included pastorates in Oregon Texas and California He has served in the Methodist Church American Baptist Church Assemblies of God Churches and several non denominational churches He also spent time in the financial industry and served as President and Chief Executive Officer of several independent community banks For the past twenty four months he has been in retirement preparing this book

City Sense and City Design Kevin Lynch, 1995-03-27 Kevin Lynch s books are the classic underpinnings of modern urban planning and design yet they are only a part of his rich legacy of ideas about human purposes and values in built form City Sense and City Design brings together Lynch s remaining work including professional design and planning projects that show how he translated many of his ideas and theories into practice An invaluable sourcebook of design knowledge City Sense and City Design completes the record of one of the foremost environmental design theorists of our time and leads to a deeper understanding of his distinctively humanistic philosophy The editors both former students of Lynch provide a cogent summary of his career and of the role he played in shaping and transforming the American urban design profession during the 1950s the 1960s and the 1970s Each of the seven thematic groupings of writings and projects that follow begins with a short introduction explaining their content and their background The essays in part I focus on the premises of Lynch s work his novel reading of large scale built environments and the notion that the design of an urban landscape should be as meaningful and intimate as the natural landscape In part II excerpts from Lynch s travel journals reveal his early ideas on how people perceive and interpret their surroundings ideas that culminated in his seminal work The Image of the City This part of the book also presents Lynch s experiments with children and his assessment of environmental perception research The examples of both small scale and

large scale analysis of visual form in part III are followed by three parts on city design These include Lynch s more theoretical works on complex planning decisions involving both functional spatial and structural organization and normative how the city works in human terms approaches articles discussing the principles that guided Lynch s teaching and practice of city design and descriptions of Lynch s own projects in the Boston area and elsewhere The book concludes with essays written late in Lynch s career fantasy pieces describing utopias and offering new design freedoms and scenarios warning of horrifying cacotopias
