War Cry:

The War Cry, 1997 **Origins of the Salvation Army** Norman Murdoch, 2014-09-19 The Salvation Army is today one of the world's best known and best regarded religious and charitable movements. In this deeply researched study Norman Murdoch offers some surprising new insights into the denomination's origins and its growth into an international organization. Murdoch follows the lives and work of the Army's founders William and Catherine Booth from their beginnings as Wesleyan evangelists in the 1850s to their inauguration of a Utopian social plan in 1890. In particular, Murdoch identifies quick accommodation to failure as a persistent theme in the Army's early history. When the Booths' East End mission faltered in the mid 1870s, Booth took his preaching to the provincial towns. The failure of that ministry led him in 1878 to reorganize his efforts along then popular military lines and the Salvation Army was born. With women as its shock troops, this Christian imperium would spread beyond Britain's boundaries to become as international in scope as Victoria's empire. Challenging various notions popularized in the denomination's official histories, this book will be of special interest to historians of nineteenth-century social reform, scholars of evangelical Protestantism, and readers interested in the relationship between class and religion in the Anglo-American world.

Settled Views Andrew M. Eason, Roger J. Green, 2017-10-16 While born into a working-class Methodist family in a small English town, Catherine Booth (1829-1890) went on to become one of the most influential women of her day and age. As a preacher, author, social reformer, wife, and mother, she played a critical role in the origin and development of the Salvation Army, which had spread to numerous parts of the globe by the time of her death. Possessing firm convictions on a host of religious and moral matters, Catherine left an indelible mark on both the Salvation Army and the wider evangelical community. The significance of Booth's legacy is on display in this ground-breaking volume, which brings together for the first time her most important shorter writings on theology, female ministry, social issues, and world missions. Including scholarly commentary by Andrew M. Eason and Roger J. Green, this anthology offers unparalleled insight into the life and thought of a remarkable figure from the Victorian period. The wide-ranging topics found within this edited collection will appeal to readers of theology, church history, social history, Christian missions, and women's studies.

All the World, 1918 *The Outcasts of Melbourne* Graeme Davison, 2020-07-29 Behind the glittering image of Marvellous Melbourne, there existed in the popular imagination another very different picture of the colonial metropolis. This was the city of low life, of crowded slums, poverty, disease, and vice. The nine essays in *The Outcasts of Melbourne* attempt to reveal the social realities behind this picture. They include new accounts of the forces which created the city's physical environment. They show how perceptions of a city can be shaped by campaigning journalists, artists, and writers. They present collective portraits of the poor and the criminal classes and of those who set out to save them. They describe how the city's guardians—the police, public health authorities, and charity workers—responded to the challenge of the slums. By imaginative use of the rich deposits in the public records, these explorations in social history present new ways of documenting the lives

of people whose daily activities were seldom reported in the popular press In doing so they also map the chains of causation which link the actions of individuals appearing before a committee of a benevolent society getting arrested evangelising at a Salvation Army rally to the social forces which have shaped the cities in which we live **Historical Dictionary of The Salvation Army** John G. Merritt, Allen Satterlee, 2017-10-06 The Salvation Army is an integral part of the Christian Church although distinctive in government and practice The Army's doctrine follows the mainstream of Christian belief and its articles of faith emphasize God's saving purposes Its objects are the advancement of the Christian religion of education the relief of poverty and other charitable objects beneficial to society or the community of mankind as a whole The Salvation Army was founded in London in 1865 by William Booth its first General and has continued growing ever since In 2015 it celebrated its 150th anniversary and today it has a presence in 127 countries This second edition of Historical Dictionary of The Salvation Army contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on its leaders personalities events facts movements and beliefs of The Salvation Army This book is an excellent resource for students researchers and anyone wanting to know more about The Salvation Army
