*War, Nationalism, and Peasants* Shigeru Satō, 1994 A comprehensive analysis of the Japanese occupation of Java The book explores the human drama that cannot be simply explained in terms of nationalism and fascism The totality of Indonesian society is addressed including the politics and daily lives of peasants

**War, Nationalism and Peasants** Shigeru Satō (historicus), 1994

**War, Nationalism and Peasants** Shigeru Sato, 1995

*War, Nationalism and Peasants* Shigeru Sato, 1994-01 Focuses on events in Java and argues that we have not really understood what World War II and occupation meant for the people of Indonesia

**Asian Labor in the Wartime Japanese Empire** Paul H. Kratoska, 2014-12-18 During the Pacific War the Japanese government used a wide range of methods to recruit workers for construction projects throughout the occupied territories Mistreatment of workers was a major grievance both in widely publicized cases such as the use of prisoners of war and forced Asian labor to construct the Thailand Burma Death Railway and in a very large number of smaller projects In this book an international group of specialists on the Occupation period examine the labor needs and the recruitment and use of workers whether forced military or otherwise throughout the Japanese empire This is the first study to look at Japanese labor policies comparatively across all the occupied territories of Asia during the war years It also provides a graphic context for examining Japanese colonialism and relations between the Japanese and the people living in the various occupied territories

**Empire's Violent End** Thijs Brocades Zaalberg, Bart Luttikhuis, 2022-07-15 In *Empire's Violent End* Thijs Brocades Zaalberg and Bart Luttikhuis along with expert contributors present comparative research focused specifically on excessive violence in Indonesia Algeria Vietnam Malaysia Kenya and other areas during the wars of decolonization In the last two decades there have been heated public and scholarly debates in France the United Kingdom and the Netherlands on the violent end of empire Nevertheless the broader comparative investigations into colonial counterinsurgency tend to leave atrocities such as torture execution and rape in the margins The editors describe how such comparisons mostly focus on the differences by engaging in guilt ranking Moreover the dramas that have unfolded in Algeria and Kenya tend to overshadow similar violent events in Indonesia the very first nation to declare independence directly after World War II *Empire's Violent End* is the first book to place the Dutch Indonesian case at the heart of a comparison with focused thematic analysis on a diverse range of topics to demonstrate that despite variation in scale combat intensity and international dynamics there were more similarities than differences in the ways colonial powers used extreme forms of violence By delving into the causes and nature of the abuse Brocades Zaalberg and Luttikhuis conclude that all cases involved some form of institutionalized impunity which enabled the type of situation in which the forces in the service of the colonial rulers were able to use extreme violence

[Food Supplies and the Japanese Occupation in South-East Asia](#) Paul H. Kratoska, 2016-07-27 The Japanese Occupation of Southeast Asia between 1941 and 1945 brought with it severe food shortages largely arising from organizational failures and inadequate transportation the nine essays in

this volume examine the situation in food exporting countries such as Burma Thailand and Vietnam in food deficit areas such as Malaya the Philippines and Java and in Sarawak which was largely self sufficient Two essays examine in detail the famine that struck the Tonkin area of northern Vietnam in 1945 Republicanism, Communism, Islam John T. Sidel, 2021-05-15 In Republicanism Communism Islam John T Sidel provides an alternate vantage point for understanding the variegated forms and trajectories of revolution across the Philippines Indonesia and Vietnam a perspective that is de nationalized internationalized and transnationalized Sidel positions this new vantage point against the conventional framing of revolutions in modern Southeast Asian history in terms of a nationalist template on the one hand and distinctive local cultures and forms of consciousness on the other Sidel s comparative analysis shows how in very different decisive and often surprising ways the Philippine Indonesian and Vietnamese revolutions were informed enabled and impelled by diverse cosmopolitan connections and international conjunctures Sidel addresses the role of Freemasonry in the making of the Philippine revolution the importance of Communism and Islam in Indonesia s Revolusi and the influence that shifting political currents in China and anticolonial movements in Africa had on Vietnamese revolutionaries Through this assessment Republicanism Communism and Islam tracks how these forces rather than nationalism per se shaped the forms of these revolutions the ways in which they unfolded and the legacies which they left in their wakes **The Pacific Basin since 1945** Roger C. Juliette Koning,2004      **Minorities, Modernity and the Emerging Nation** Geert Arend van Klinken,2003 This book  
examines the development of Indonesian nationalism from the viewpoint of a minority the urban Christian elite Placed  
between the Indonesian nationalist promise of freedom and the equally Christian Dutch colonial promise of modernity their  
experience of late colonialism was filled with dilemma and ambiguity Rather than describe dry institutions this study traces  
the lives of five politically active Indonesian Christians both Catholic and Protestant spanning the late colonial Japanese  
occupation and early independence periods Amir Sjarifoeddin Bishop Soegijapranata Kasimo Moelia and Ratu Langie For  
most of them the main problem was not so much the protest against colonialism but the transition to more modern forms of  
political community Their status as a religious minority and as urban middle class migrants out of their traditional  
communities made them more aware that achieving moral consensus was problematic This book should be of interest to  
students of Indonesian history as well as those studying the history of Third World nationalism and the history of Christian  
missions
