Where Does It Come From:

Where Does My Help Come From? Janice Olenio-Michienzi, 2017-01-18 These writings come from my heart and from the Word of God I have experienced many deep disappointments and hurts in my life that have affected my heart and soul to the point of what I thought was irreparable damage only to learn that God can heal all wounds It isnt time that will heal its only a strong and close relationship with God and trust and faith from you The scriptures that I have chosen are only just a glimpse of what you will find in the Word of God and as you begin to follow your own path toward healing and develop your own personal relationship with the Creator of the universe you will be amazed by what he has to say *Where Does Homosexuality Come From?* JULIAN BLACK, 2014 Where Does Homosexuality Come From Imagine a device that can record life after death and then get the answers about the LGBT community from the very beginning of time Imagine a primitive time to the prehistoric dinosaurs when the world of LGBT was without judgment or prejudice which then turned into a world of judgment and prejudice Let this book through a series of short and concise interviews take you to a place you have never been before and will never see again Find out all about the origins of the LGBT world from the primitive creatures and humans who used to walk this world Q Have you always wanted to know where homosexuality comes from A I know We all know the history of the LGBT community but until now all it has been is history Me and My Ghost Imagine losing a loved one and all the grief this causes We suffer grief because it s the price we pay for loving people as human beings Nobody ever comes back after we are gone from this world Death is so final and we never see our loved ones again until maybe in our own time when death comes for us Death is very private and it is private because nobody comes back from it Death does not like to be talked about at all It is something which comes to us all and we are never seen again walking on planet Earth We all discuss death and we all discuss the afterlife because it fascinates us for obvious reasons We all end up dead at some point there is absolutely no escape from it and why we find it so scary and morbid as human mortals This fascinating story takes you to what it means to experience death and to go to a place beyond death called the afterlife The story talks about this from a young man s point of view where death has come for him far far too soon and how he cannot accept his own death or go to the place after death where others are waiting for him but he refuses to go This is a story of love and grief and a story that talks about life after death and refusing to settle into another world but wanting so much to come back into our world and being allowed to by the Almighty himself A story that talks about living life on planet Earth as a ghost and how a human mortal has to deal with living with a ghost over a period of forty years **Where Does Violence Come From?** Bernhard Bogerts, 2021-11-11 Where does violence come from How can people do such things These are often the first questions that arise when we witness violence in the in the media or in real life This book provides comprehensive answers by combining the explanatory approaches from criminology sociology psychology psychiatry brain research genetics pedagogy historical sciences and justice into a big exciting and comprehensible picture in an entertaining way with current state of the art

science s Multiple case studies are presented that show us the frightening diversity of human violence acts of violence by individual perpetrators violence between groups riots and tumults by gangs and hooligans violent ethnic and religious conflicts extreme violence in the form of amok and terror and up to armed conflicts pogroms and genocide Last but not least the knowledge gained from this book can help answer another big question how can violence be contained or even prevented From the contents How and where does violence originate in our brain Why has a tendency towards violence become established as part of our behavioural repertoire in the development of humankind What influences on personality development can lead to violent characters How often is violence the product of a pathological psyche Do genes play a role Which social constellations contribute What are the causes of rampage and terror What is known about the relationship between religion and violence
