Some Questions About Language

Samuel Johnson

Some Questions About Language:

Some Questions about Language Mortimer Jerome Adler, 1991 How do meaningless marks and sounds become the meaningful words of a natural language To what do words having referential significance refer What is the meaning of the words that do not have referential significance Can ordinary language really do what it appears to do or is this an illusion Dr Adler maintains that these fundamental questions are not satisfactorily treated in the two main philosophies of language that have dominated twentieth century thinking on the subject the syntactical and ordinary language approaches Drawing upon the tradition of Aristotle Aquinas Poinsot and Husserl Dr Adler s own discussion exemplifies the third approach which he describes as semantic and lexical In this now classic work the fruit of more than 50 years concern with the philosophy of language Dr Adler advances a powerful theory of meaning and applies it to some outstanding philosophical problems In unpretentious and uncluttered prose he provides a limpid introduction to a number of knotty philosophical issues and at the same time issues a challenge to some of the most tenacious doctrines of the modern world

Questions About Language

Laurie Bauer, Andreea S. Calude, 2020-05-19 Questions About Language sets out to answer in a readable yet insightful format a series of vital questions about language some of which language specialists are regularly asked and some of which are so surprising that only the specialists think about them In this handy guide sixteen language experts answer challenging questions about language from What makes a language a language to Do people swear because they don t know enough words Illustrating the complexity of human language and the way in which we use it the twelve chapters each end with a section on further reading for anyone interested in following up on the topic Covering core questions about language this is essential reading for both students new to language and linguistics and the interested general reader

Language

Matters Donna Jo Napoli, 2003 Is Ebonics really a dialect or simply bad English Do women and men speak differently Will computers ever really learn human language Does offensive language harm children These are only a few of the issues surrounding language that crop up every day Most of us have very definite opinions on these questions one way or another Yet as linguist Donna Jo Napoli points out in this short and highly entertaining volume many of our most deeply held ideas about the nature of language and its role in our lives are either misconceived or influenced by myths and stereotypes Napoli provides an entertaining tour through the world of language examining these and other vexing and controversial language related questions Throughout she encourages and leads the reader to use common sense and everyday experience rather than preconceived notions or technical linguistic expertise Both her questions and her conclusions are surprising sometimes provocative and always entertaining This volume is sure to engage both general readers and students of language and linguistics at any level
