**Martina Kaup, Ulrich Berkmann**

## **Transatlantic Triangle:**

**Interregionalism and the Americas** Andreas Falke, Gian Luca Gardini, Simon Koschut, 2018-10-15 This book addresses the question of how the American continent engages with various forms of interregionalism including how different regions within the Americas deal with other regions of the world as well as how they relate among themselves The presence of different political economic and cultural sub regions within the Americas makes the continent a perfect setting to explore differences and commonalities in the western hemisphere s relationship with other regions across the globe Interregionalism and the Americas tackles three unifying questions First what type and understanding of interregionalism characterize the Americas way to interregionalism if any Second is summitry ultimately the major visible feature of interregionalism in the Americas and beyond Third is there anything typical or characteristic in the way in which the Americas engage with interregionalism This book contributes both to the theoretical debates about interregionalism and to the empirical understanding of the phenomenon and makes a compelling case to strengthen the inter American system and to advance a trilateral interregionalism mechanism between North America Latin America and Europe to stand up for their common values norms and preferred international order

*History of the Slave Trade* Edoardo Albert, Hareth Al Bustani, Josephine Hall, 2023-02-28 The transatlantic slave trade is one of the most shameful chapters in human history Between 1500 and 1900 it s estimated that around 12 million African men women and children were stolen from their homes by Europeans before being forcefully transported thousands of miles across the Atlantic Those who survived the horrific Middle Passage would then be sold often separated from their families and put to work as enslaved labor on plantations throughout the New World While this inhumane trade was eventually abolished in the 19th century the scars still remain and the lasting impact is still being felt by communities around the world In *History of the Slave Trade* we seek to tell the story of the transatlantic slave trade from its origins to its abolition We discover the impact on Africa the horrors of the Middle Passage and what life was like for millions of enslaved people We also look to explore the legacies of slavery and how the effects are still being felt in the modern world

**Africa in the Colonial Ages of Empire** Mentan, Tatah, 2017-12-16 Words like colonialism and empire were once frowned upon in the U S and other Western mainstream media as worn out left wing rhetoric that didn t fit reality Not anymore Tatah Mentan observes that a growing chorus of right wing ideologues with close ties to the Western administrations war making hawks in NATO are encouraging Washington and the rest of Europe to take pride in the expansion of their power over people and nations around the globe *Africa in the Colonial Ages of Empire* is written from the perspective that the scholarly lives of academics researching on Africa are changing constantly in flux and increasingly bound to the demands of Western colonial imperialism This existential situation has forced the continent to morph into a tool in the hands of Colonial Empire According to Tatah Mentan the effects of this existential situation of Africa compel serious academic scrutiny At the same time inquiry into the African predicament has been changing and evolving within and against

the rhythms of this new normal of Colonial Empire Old or New The author insists that the long and bloody history of imperial conquest that began with the dawn of capitalism needs critical scholarly examination As Marx wrote in Capital The discovery of gold and silver in America the extirpation enslavement and entombment in mines of the aboriginal population the beginning of the conquest and looting of the East Indies the turning of Africa into a warren for the commercial hunting of black skins signaled the rosy dawn of the era of capitalist production These idyllic proceedings are the chief moment of primitive accumulation Africa in the Colonial Ages of Empire is therefore a MUST READ for faculty students as well as policy makers alike in the changing dynamics of their profession be it theoretically methodologically or structurally and materially

**Helpmates of Man** Barbara Maas,1990 **Publication** ,1968 **Europe and Latin America - Toward a Strategic Partnership?** Martina Kaup,Ulrich Berkmann,2005 [New Perspectives in Transatlantic Studies](#) Heidi Slettedahl Macpherson,Will Kaufman,2002-02-07 In the first edition of Transatlantic Studies Heidi Slettedahl Macpherson and Will Kaufman argued that a new field of studies was emerging from the separate fields of insular area studies such as American

Studies European Studies and African Studies Now that Transatlantic Studies is a recognized area of inquiry in its own right Macpherson and Kaufman extend their analysis of it New Perspectives in Transatlantic Studies aims to extend the definition of Transatlantic Studies and explore the implications of such a definition by supplying a critical perspective which links the diverse constituents of this interdisciplinary field Therefore it engages with issues of the contact zone in relation to globalization migration and the law examines transatlantic artistic and cultural representation and explores the economic philosophic and political implications of the transatlantic area

**Relations Between the European Union and Latin America** Wolf Grabendorff,Reimund Seidelmann,2005 The volume describes analyses and evaluates EU Latin American relation in general with special reference to MERCOSUR and the Carribean It combines empirical analyses of the development of this relation with a systematic discussion of regionalisation and biregionalism and includes discussions about future developments In addition it relates this biregional relation into the general framework of global change U S EU Latin American relations and Latin American regionalisation processes The project summarizes results from a research project in which leading Latin American and European scholars jointly explored possibilities and limits of EU Latin American cooperation in the past present and future

Perceptions and Politics Klaas Dykmann,2006 Based on numerous expert interviews and panels in Europe and the Americas this study provides an analysis of the EU policy and the prospects of the strategic partnership between the two regions
