web may 6 2013 this activity has 5 modules explore the simulation kinetic energy and speed kinetic molecular theory of gases relationships between gas variables pressure and mixtures of gases after exploring the simulation students can do the other modules in any order subject chemistry

gases intro ideal gas law phet interactive simulations - Apr 27 2022

web measure the temperature and pressure and discover how the properties of the gas vary in relation to each other pump gas molecules to a box and see what happens as you change the volume add or remove heat and more

gas properties simulation phet contribution - Feb 23 2022

web dec 3 2019 gas properties simulation description this is a guided inquiry lab in which students explore the relationships between pressure temperature volume and rates of diffusion students explore the relationships between volume and pressure temperature and kinetic energy amount of matter and pressure and temperature and pressure

virtual lab activity on gas properties phet contribution - Mar 27 2022

web mar 4 2022 the virtual lab activity on gas properties aims to describe the relationships of the different gas properties such as pressure volume temperature and amount of a substance to each other subject

phet simulation gas properties aapt - Apr 08 2023

web aug 18 2016 this simulation provides an interactive simulation of an ideal gas users can change the number of gas molecules in a chamber change the volume add remove heat and change gravity users can explore the relationship between changes in kinetic energy of the gas molecules and heat
