Turkish Labyrinth:

The Turkish Labyrinth James Pettifer,1997 **Turkey and the World** Sedat Laçiner,2001 **Books on Turkey** ,2005
Soviet Eastern Policy and Turkey, 1920-1991 Bulent Gokay,2006-11-22 This is an impressive work that traces the relationship between the Soviet Union and Turkey on the one hand and the Soviet Union and the Turkish Communist Party on the other from the consolidation of the communist regime in Moscow until its fall The book considers how Soviet Eastern Policy was formed how it changed over time what the Soviet leaders hoped to gain in Turkey and what impact Soviet policy had on the development of the Turkish communist movement It is a valuable resource for students and scholars with an interest in Russian and Soviet politics and international relations *Contemporary Turkey in Conflict* Tahir Abbas,2016-12-05 New perspectives on ethnic relations Islam and neoliberalism have emerged in Turkey since the rise of the Justice and Development Party AKP in 2002 Placing the period within its historical and contemporary context Tahir Abbas argues that what it is to be ethnically religiously and culturally Turkish has been transformed He explores how issues of political trust social capital and intolerance towards minorities have characterised Turkey in the early years of the 21st century He shows how a radical neoliberal economic and conservative outlook has materialised leading to a clash over the religious political and cultural direction of Turkey These conflicts are defining the future of the nation Labyrinth Burhan Sönmez,2019-11-19 Notable International Crime Novel of the Year Crime Reads Lit Hub From a prize winning Turkish novelist a heady political tale of one man s search for identity and meaning in Istanbul after the loss of his memory A blues singer Boratin attempts suicide by jumping off the Bosphorus Bridge but opens his eyes in the hospital He has lost his memory and can t recall why he wished to end his life He remembers only things that are unrelated to himself but confuses their timing He knows that the Ottoman Empire fell and that the last sultan died but has no idea when His mind falters when remembering civilizations while life like a labyrinth leads him down different paths From the confusion of his social and individual memory he is faced with two questions Does physical recognition provide a sense of identity Which is more liberating for a man or a society knowing the past or forgetting it Embroidered with Borgesian micro stories Labyrinth flows smoothly on the surface while traversing sharp bends beneath the current *Turkey and the European Union* J.
