Social and Personality Development Kevin B. MacDonald,2012-12-06 This volume is an attempt to integrate the theory and data of social and personality development within a modern evolutionary framework The various chapters are not meant to be read in isolation from one another but rather are intended to form an integrated whole There is thus a great deal of cross referencing between chapters and to some extent they all stand or fall together This also suggests that the accuracy or usefulness of a particular chapter cannot be judged until the book is comprehended as a whole Chapter 1 deals with the theoretical foundations of this enterprise and the focus is on the compatibility of mainstream approaches within the field to a modern evolutionary approach Chapters 2 4 concern what I view to be the fundamental proximal mechanisms underlying social and personality development Chapter 2 on temperament and person ality development is particularly central to the rest of the volume because these processes are repeatedly invoked as explanatory concepts at later points in the volume
