Social Principles Of Jesus:

The Social Principles of Jesus Walter Rauschenbusch, 2016-04-12 This book is not a life of Christ nor an exposition of his religious teachings nor a doctrinal statement about his person and work It is an attempt to formulate in simple propositions the fundamental convictions of Jesus about the social and ethical relations and duties of men Our generation is profoundly troubled by the problems of organized society The most active interest of serious men and women in the colleges is concentrated on them We know that we are in deep need of moral light and spiritual inspiration in our gropings There is an increasing realization too that the salvation of society lies in the direction toward which Jesus led And yet there is no clear understanding of what he stood for Those who have grown up under Christian teaching can sum up the doctrines of the Church readily but the principles which we must understand if we are to follow Jesus in the way of life seem enveloped in a haze The ordinary man sees clearly only Christ's law of love and the golden rule This book seeks to bring to a point what we all vaguely know It does not undertake to furnish predigested material or to impose conclusions It spreads out the most important source passages for personal study points out the connection between the principles of Jesus and modern social problems and raises questions for discussion It was written primarily for voluntary study groups of college seniors and their intellectual and spiritual needs are not like those of an average church audience It challenges college men and women to face the social convictions of Jesus and to make their own adjustments

Social principles of Jesus Walter Rauschenbusch,1920 *The Social Principles of Jesus* Walter Rauschenbusch,2012-05-26 It is said that Walter Rauschenbusch 1861 1918 was the leading spokesman for the theology of the Social Gospel in American Protestantism from the introduction by Pelikan 586 Although a Baptist minister Rauschenbusch apparently rejected biblical literalism in favor of historical criticism a method of biblical analysis that originated in Rauschenbusch s fatherland in the first half of the nineteenth century This method quite popular even today allowed Rauschenbusch to see the Gospel through the prism of the contemporary understanding of history which in the age of social revolutions was dominated by the struggles of the lower classes In a series of books and essays Rauschenbusch applied principles he believed were found in the Gospel as calls for social reform that continue to ring true for many modern Christian theologians In *The Social Principles of Jesus* Rauschenbusch s last essay published in 1918 the author attempted to use his reading of the Gospel as a foundation for social philosophy [The Social Principles of Jesus](#) Garfield Bromley Oxnam,1923 *How Christ Changed the World* Luigi Civardi,1991 In *How Christ Changed the World* the
