Writing After War:

Writing after War John Limon, 1994-07-07 In *Writing After War* John Limon develops a theory of the relationship of war in general to literature in general in order to make sense of American literary history in particular Applying the work of war theorists Carl von Clausewitz and Elaine Scarry John Limon argues that *The Iliad* inaugurates Western literature on the failure of war to be duel like to have a beautiful form War's failure is literature's justification American literary history is demarcated by wars as if literary epochs like the history of literature itself required bloodshed to commence But in chapters on periods of literary history from realism generally taken to be a product of the Civil War through modernism usually assumed to be a prediction or result of the Great War up to postmodernism which followed World War II and spanned Vietnam Limon argues that despite the looming presence of war in American history the techniques that define these periods are essentially ways of not writing war From James and Twain through Fitzgerald Faulkner and even Hemingway to Pynchon our national literary history is not hopelessly masculinist Limon argues Instead it arrives naturally at Bobbie Ann Mason and Maxine Hong Kingston Kingston brings the discussion full circle *The Woman Warrior* like *The Iliad* appears to condemn the fall from duel to war that is literature's endless opening

Mid-century women's writing Melissa Dinsman, Megan Faragher, Ravenel

Richardson, 2024-07-09 The traditional narrative of the mid century 1930s 60s is that of a wave of expansion and constriction with the swelling of economic and political freedoms for women in the 1930s the cresting of women in the public sphere

during the Second World War and the resulting break as employment and political opportunities for women dwindled in the 1950s when men returned home from the front But as the burgeoning field of interwar and mid century women s writing has demonstrated this narrative is in desperate need of re examination Mid century women s writing Disrupting the public private divide aims to revivify studies of female writers journalists broadcasters and public intellectuals living or working in Britain or under British rule during the mid century while also complicating extant narratives about the divisions between domesticity and politics

The Aftermath of the Cassinga Massacre Vilho Shigwedha,2017-04-03 It took the former South African Defence Force SADF less than four hours to kill more than eight hundred Namibian refugees at Cassinga on May 4 1978 Thousands of survivors were left with irreparable physical and emotional injuries The unhealed trauma of Cassinga a Namibian civilian camp in southern Angola before the massacre is beyond the worst that the victims of the attack experienced on the ground Unacceptable layers of pain and suffering continue to grow and multiply as the victims grievances and other issues arising out of the aftermath of the massacre have been ignored particularly following Namibia s political independence In this book the afterlife of the victims traumatic memories and their aspiration for justice vis vis the perpetrators enjoyment of blanket impunity from prosecution in spite of their ongoing denial of killing and maiming innocent civilians at Cassinga are explored with the aim to create public awareness about the unfortunate circumstances of the Cassinga victims

The Cambridge History of American Literature: Volume 7, Prose Writing, 1940-1990 Sacvan Bercovitch,Cyrus R. K. Patell,1994 Volume VII of the Cambridge History of American Literature examines a broad range of American literature of the past half century revealing complex relations to changes in society Christopher Bigsby discusses American dramatists from Tennessee Williams to August Wilson showing how innovations in theatre anticipated a world of emerging countercultures and provided America with an alternative view of contemporary life Morris Dickstein describes the condition of rebellion in fiction from 1940 to 1970 linking writers as diverse as James Baldwin and John Updike John Burt examines writers of the American South describing the tensions between modernization and continued entanglements with the past Wendy Steiner examines the postmodern fictions since 1970 and shows how the questioning of artistic assumptions has broadened the canon of American literature Finally Cyrus Patell highlights the voices of Native American Asian American Chicano gay and lesbian writers often marginalized but here discussed within and against a broad set of national traditions

Faulkner's Artistic Vision Ryuichi Yamaguchi,2004-04 Although William Faulkner s imagination is often considered solely tragic it actually blended what Faulkner himself called the bizarre and the terrible Not only did Faulkner s vision encompass both comedy and tragedy it perceived a latent humor in tragedy and vice versa As a result Faulkner s fiction is seldom simply comic or simply tragic Faulkner s comedy incorporates tragedy and despair and the humor in his novels may serve as well to intensify as to relieve a tragic or horrific effect This study examines Faulkner s first nine novels from *Soldiers Pay* to *Absalom Absalom* showing how humor is used to express theme how it appears in the action characters and discourse of each novel

and how it contributes to the overall effect of each novel In each case even in the most pained and angry novels Faulkner s practice of humor expresses his view that humor is an inseparable element of human experience Ryuichi Yamaguchi is Professor of English and American literature at the Aichi University in Japan **Writing Security** David Campbell,1992 **Illinois Technograph** ,1953 **Writing by Types** Albert Croll Baugh,Paul Cliff Kitchen,Matthew Wilson Black,1924 The Poetry of the Forties in Britain A.
