*Three's a Crowd* Jacqueline Grey, 2011-06-13 Three s a Crowd brings together the three dialogue partners of Pentecostalism hermeneutics and the Old Testament Previous attempts by Pentecostal academics to define a distinctive Pentecostal hermeneutic have focused on issues and application to the New Testament consequently estranging the Old Testament from the conversation This book engages the hermeneutical practices of Pentecostal and Charismatic groups in reading the Old Testament in ways that are representative while critical of their movement s ideological bases and visions While the issue of understanding and developing a viable Pentecostal hermeneutic

has continued to be debated within the academic journals of the community for over a decade most discussion has focused on the prescription of ideals rather than on the actual practice of the contemporary community By examining the reading practices of the Pentecostal and Charismatic community this book suggests a unique and rounded reading method that maintains the strengths of Pentecostal reading practices while addressing their inherent weaknesses In this way the voices of the three dialogue partners emerge in a mutual fellowship that engages both the needs of the Pentecostal community and informs the wider ecumenical dialogue

*Routledge Handbook of Arts and Global Development* Vicki-Ann Ware, Kirsten Sadeghi-Yekta, Tim Prentki, Wasim al Kurdi, Patrick Kabanda, 2024-08-29 This book brings together a leading team of international experts in arts and global development to showcase effective practice and to explore how this vibrant interdisciplinary field has developed and what the latest research can teach us Although arts play a central role in human development and in the health and wellbeing of individuals and communities few have attempted to comprehensively explore arts practice as global development This Handbook first provides a theoretical framework for exploring arts and global development before surveying a comprehensive range of art forms and development practices to explore the potential of the arts to strategically and beneficially contribute to more just and equitable conditions for communities across the globe Stretching across the arts from theatre dance and music to poetry film and visual arts the book covers topics as diverse as health education peacebuilding livelihoods sustainability activism and arts as research method in programming The Handbook also identifies gaps in the literature pointing towards the most pressing and promising avenues for further research over the next few years This book will be an essential resource for any researcher student or practitioner wishing to understand the role of the arts in global development and in the global south more generally
