Allen, 2020-03-23 The words of this book are based upon Christ's declaration I am the way the truth and the life St John 14:6 This Holy Ghost inspired book will have every reader reexamining their faith in Christ their walk in God and even the way they currently display God's Agape love in this world I am come unto you as a friend and truly I write unto you in much fear and trembling in the Holy Ghost I come not in mine own name but in the name of him who has sent me to testify unto the truth and in him is no lie even he which is Jesus Christ our Lord Now there is utterly a fault in the church from the least to the greatest those who preach haven't been sent to preach and those who teach

have not the anointing and those who prophesy unto you have prophesied a lie because they have altogether deceived the people and because of your carrying away you shall be one with their damnation While reading this book you shall learn the truth of your God and Creator and of his Son Jesus Christ You shall learn how to identify the voice of God in your hearing and how he speaks to you You will learn how and why the Lord God is so attached to man and why he loves man so much You will learn why you must be born again moreover you will discover what it is you need to do what s your part in the kingdom of God to truly be a light to others in this world You will discover the reason why both faith and love are the keys to life in the kingdom of God and the role they play in salvation You will learn how to properly utilize and deploy your faith in a powerful new way And even though you might know the basics of faith today you will learn why its works have been a great mystery to the church Today we will unlock this mystery together and you will find that you now not only can please God but that you will also learn how easy it is for you to do his will and overcome all things by faith You will also learn who your heavenly Father really is as you come to realize that he has been waiting a long to meet you Above all else you will learn the reasons why the miracles spoken of in St Mark 16 16 18 are not occurring in the church today and why the ministers and preachers of our day have not been bringing forth the word with signs following as had the apostles You will be taught many things that you may have never been taught in the church or have been taught improperly such as the Constancy the Fidelity and the Faithfulness of God in the reality of himself You will learn not only what these words mean but you will learn how to apply them to your life as you grow in Christ Little children I am only asking of you is to listen to his voice today This book is a book of instructions given in hopes of making YOU ALL true Disciples of Christ My one and only prayer for you all is that you don t miss out on the opportunity to learn the truth about your heavenly Father so that you do not go The Impossible Way The Freudian Wish and Its Place in Ethics Edwin Bissell Holt,1915 The problem of good conduct both in practice and in ethical theory ought to receive some clarification one would suppose from a science that studies the mind and the will in their actual operation If in the past psychology has not materially contributed to this problem it is possibly owing to the incompetence of psychology to tell us much that is either true or useful about the essential nature of mind or will or of the soul I believe that such has been the case and that now for the first time and largely owing to the insight of Dr Sigmund Freud a view of the will has been gained which can be of real service to ethics In presenting this I shall disregard the current comments on Freud which have become so familiar for he deserves neither the furious dispraise nor the frantic worship which have been accorded him He is a man of genius simply more sagacious and more perspicacious than his detractors and far more sane than many of his followers Freud s contribution to science is notable and in my opinion epoch making for a reason which has hardly ever been mentioned And this reason is that he has given to the science of mind a causal category or to put it less academically he has given us a key to the explanation of mind This key to the mind which Freud calls the wish is the subject of the present volume And we shall consider more particularly the bearing which this wish psychology may have on ethics
