Spiritual Parenting:

Spiritual Parenting Michelle Anthony, 2010-06-01 It's hard enough to train kids to behave but good behavior isn't what Jesus calls for in the Bible. He wants hearts and souls that are shaped in vibrant faith and love toward God and others. How can parents cultivate this in their children? In this book, Dr. Michelle Anthony shares practical examples and biblical insight on the spiritual role of parenting. **Spiritual Parenting** introduces the simple but revolutionary concept that parents are by the power of God's Spirit to obey and depend on God in order to create an environment God can use to beckon their children to Him.

Spiritual Parenting Demetrica Mathews, [Spiritual Parenting](#) Charles H. Spurgeon, 2003-09-01 Your child is worth all the time, money, heartaches, and effort. Charles H. Spurgeon shows how to impact the world one child at a time. Your child can make a difference. Train your children to make good choices. Discipline with God's loving hand. Love them when you hate their behavior. Teach them to be givers, not takers. Build a compassionate heart in them. Help them discover their new best friend, Jesus. Encourage their leadership and ministry skills. Build strong, healthy, happy families. From the depths of his God-given wisdom, Spurgeon offers encouragement and advice to parents and teachers on guiding the spiritual development of children from infancy through young adulthood.

[Spiritual Parenting](#) Hugh Prather, Gayle Prather, 1996 **Spiritual Parenting** is a guide to the naturally intuitive and spiritual core of every child. It refutes the current notions of the basic nature of children and teenagers while offering a radically new way to approach parenting. In the words of authors, counselors, and ministers, Hugh and Gayle Prather: "This book reflects our deep personal conviction that parenting is a spiritual path, a form of worship. In their characteristically warm style, the Prathers offer a book of principles that parents can use to understand and protect their children at home, at school, and in the world. While one does not have to believe in God to understand these principles, say the Prathers, parents must approach child care as a spiritual task. They offer ways to keep this essential focus amid the bewildering complexities involved in guiding children toward adulthood. With joy and a sense of humor, the Prathers offer stories and anecdotes about their own children and the children of families they have counseled to help today's parents break through conflicting ideas and emotions and learn to enjoy their children at all stages of their growth."
