**Popular Religion in Russia** Stella Rock, 2007-09-10 This book dispels the widely held view that paganism survived in Russia alongside Orthodox Christianity demonstrating that double belief dvoeverie is in fact an academic myth Scholars citing the medieval origins of the term have often portrayed Russian Christianity as uniquely muddled by paganism with double believing Christians consciously or unconsciously preserving pagan traditions even into the twentieth century This volume shows how the concept of dvoeverie arose with nineteenth century scholars obsessed with the Russian folk and was perpetuated as a propaganda tool in the Soviet period colouring our perception of both popular faith in Russian and medieval Russian culture for over a century It surveys the wide variety of uses of the term from the eleventh to the seventeenth century and contrasts them to its use in modern historiography concluding that our modern interpretation of dvoeverie would not have been recognized by medieval clerics and that double belief is a modern academic construct Furthermore it offers a brief foray into medieval Orthodoxy via the mind of the believer through the language and literature of the period

Modernism and the Spiritual in Russian Art Louise Hardiman, Nicola Kozicharow, 2017-11-13 In 1911 Vasily Kandinsky published the first edition of *On the Spiritual in Art* a landmark modernist treatise in which he sought to reframe the meaning of art and the true role of the artist For many artists of late Imperial Russia a culture deeply influenced by the regime's adoption of Byzantine Orthodoxy centuries before questions of religion and spirituality were of paramount importance As artists and the wider art community experimented with new ideas and interpretations at the dawn of the twentieth century their relationship with the spiritual broadly defined was inextricably linked to their roles as pioneers of modernism This diverse collection of essays introduces new and stimulating approaches to the ongoing debate as to how Russian artistic modernism engaged with questions of spirituality in the late nineteenth to mid twentieth centuries Ten chapters from emerging and established voices offer new perspectives on Kandinsky and other familiar names such as Kazimir Malevich Mikhail Larionov and Natalia Goncharova and introduce less well known figures such as the Georgian

artists Ucha Japaridze and Lado Gudishvili and the craftswoman and art promoter Aleksandra Pogosskaia Prefaced by a lively and informative introduction by Louise Hardiman and Nicola Kozicharow that sets these perspectives in their historical and critical context *Modernism and the Spiritual in Russian Art New Perspectives* enriches our understanding of the modernist period and breaks new ground in its re-examination of the role of religion and spirituality in the visual arts in late Imperial Russia Of interest to historians and enthusiasts of Russian art culture and religion and those of international modernism and the avant garde it offers innovative readings of a history only partially explored revealing uncharted corners and challenging long held assumptions **The Year-book of Spiritualism for 1871** Hudson Tuttle, James M.

Preebles, 1871 **Nineteenth century miracles; or, Spirits and their work in every country of the earth** Emma Hardinge Britten, 1883 *Religion and Identity in Modern Russia* Juliet Johnson, Marietta Stepaniants, Benjamin Forest, 2017-03-02 Focusing on the roles of Russian Orthodoxy and Islam in constituting challenging and changing national and ethnic identities in Russia this study takes Tsarist and Soviet legacies into account paying special attention to the evolution of the relationship between religious teachings and political institutions through the late 19th and 20th centuries The volume explicitly discusses and compares the role of Russia's two major religions Orthodoxy and Islam in forging identity in the modern era and brings an innovative blend of sociological historical linguistic and geographic scholarship to the problem of post Soviet Russian identity This comprehensive volume is suitable for courses on post Soviet politics Russian studies religion and political culture *The Spiritualist Newspaper*, 1875 [Religion and Society in Russia](#) Paul Bushkovitch, 1992 This study traces the evolution of religious attitudes in an important transitional period of Russian history It reconstructs the main events of the age such as the rise of miracle cults and demonstrates how they foreshadowed the secularization of Russian society [The Spiritual Magazine](#), 1872 **Modern Occultism in Late Imperial Russia** Julia Mannherz, 2012-10-15 *Modern Occultism in Late Imperial Russia* traces the history of occult thought and practice from its origins in private salons to its popularity in turn of the century mass culture In lucid prose Julia Mannherz examines the ferocious public debates of the 1870s on higher dimensional mathematics and the workings of seance phenomena discusses the world of cheap instruction manuals and popular occult journals and looks at haunted houses which brought together the rural settings and the urban masses that obsessed over them In addition Mannherz looks at reactions of Russian Orthodox theologians to the occult In spite of its prominence the role of the occult in turn of the century Russian culture has been largely ignored if not actively written out of histories of the modern state For specialists and students of Russian history culture and science as well as those generally interested in the occult Mannherz's fascinating study remedies this gap and returns the occult to its rightful place in the popular imagination of late nineteenth and early twentieth century Russian society **The Religion of Russia** George Bernard Hamilton Bishop, 1915 *The Spirit of Russia* Tomáš Garrigue Masaryk, 1967 **Religion and Politics in Russia: A Reader** Marjorie Mandelstam Balzer, 2015-01-28 Russia is not only

vast it is also culturally diverse the core of an empire that spanned Eurasia In addition to the majority Russian Orthodox and various other Christian groups the Russian Federation includes large communities of Muslims Jews Buddhists and members of other religious groups some with ancient historical roots All are in a state of ferment and securing formal state recognition for specific communities is often daunting This collection provides entry into the diversity of Russia s religious communities Marjorie Mandelstam Balzer s introduction to the volume illuminates major political social and cultural anthropological trends The book is organized by religious tradition or identity with further thematic perspectives on each set of readings The authors include ethnologists sociologists political analysts and religious leaders from many regions of the Federation They analyze the changing dynamics of religion and politics within each community and in the context of the current drive to recentralize both political and religious authority in Moscow Topical coverage extends from reassertions of Russian Orthodoxy to activities of Christian and Muslim missionaries to the revival of many other religions including indigenous shamanic ones
