Conformed to the Image of Christ Bryan Shuler, 2025-07-08 How do we know that our spiritual experiences are

authentic Christian theologians from the early church until today have consistently acknowledged the possibility of spiritual deception and a rich heritage exists on the study of spiritual discernment Throughout history scholars studying spiritual discernment have identified specific criteria by which believers can measure the authenticity of their spiritual experiences One possible criterion that has gone mostly unnoticed is the image of God In this book Bryan Shuler brings together an examination of the nature of spiritual experiences with the history of spiritual discernment criteria and recent developments on the theology of the image of God in order to show that authentic spiritual experiences will always conform to or lead believers to grow in conformity with the image of God in structural functional and relational aspects This book balances the particularities of Christ and Christian doctrine with the plurality of authentic expressions of Christian spirituality showing the variety of ways in which conformity to the image of God can manifest **Adult Leader**, 1930 *The Bible Unmasked* Joseph Lewis, 1928 The Spectrum of Religion Loren McClain Edwards, 1919 Encyclopedia of Religious and Spiritual Development Elizabeth M. J. Sifon, 2022-11-03 Have you ever wondered what you were before you were born or what will happen after you dematerialize away in death from this physical dimension Quite often one part of your mind tells you that after you die you are going to be judged by God and after the judgment you will spend the rest of your existence in an uncomfortable place called hell or a place of pleasure called heaven The question is how exactly did Christ define our existence To understand our true nature we have analyzed many important statements made by Christ concerning this issue This nature reveals our true identities in the spirit what we really are what we are capable of where we came from and where we are heading As spiritual individuals we have also tapped into the realm of the spirit by making it substantial to get answers not just to everything in existence but also to things unheard of In this record the author reflects on his spiritual identity *Worldly Spirituality* William Robert McClelland, 1990 A down to earth spirituality celebrates money politics and sex as divine blessings that require a special and responsible stewardship pb
